PROXY STATEMENT

Annual Meeting of Stockholders To Be Held on Tuesday, April 26, 2005
INFORMATION CONCERNING SOLICITATION AND VOTING

Our Board of Directors is soliciting proxies for the 2005 Annual Meeting of Stockholders. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

Voting materials, which include this Proxy Statement, a Proxy Card and our 2004 Annual Report to Stockholders, were mailed to stockholders on or about March 24, 2005. Our principal executive offices are located at 1713 Jaggie Fox Way, Lexington, Kentucky 40511. Our telephone number is (800) 878-8889. As used in this proxy statement, the terms "Tempur-Pedic International," "we," "our," "ours," "us," and "Company" refer to Tempur-Pedic International Inc.

Q: Who may vote at the meeting?

A: The Board set March 21, 2005 as the record date for the meeting. All stockholders who owned Tempur-Pedic International common stock of record at the close of business on March 21, 2005 may attend and vote at the meeting. Each stockholder is entitled to one vote for each share of common stock held on all matters to be voted on. On March 21, 2005, 98,559,438 shares of Tempur-Pedic International common stock were outstanding.

Q: How many votes does Tempur-Pedic International need to be present at the meeting?

A: A majority of Tempur-Pedic International's outstanding shares of common stock as of the record date must be present at the meeting in order to hold the meeting and conduct business. This is called a quorum. Shares are counted as present at the meeting if you:

- are present and vote in person at the meeting; or
- have properly submitted a Proxy Card.

Q: What proposals will be voted on at the meeting?

A: There are two proposals scheduled to be voted on at the meeting:

- Election of eight (8) directors to each serve for one-year terms and until the director's successor has been duly elected and qualified.
- Ratification of the appointment of the firm of Ernst & Young LLP as Tempur-Pedic International's independent auditors for the fiscal year ending December 31, 2005.

Q: What is the voting requirement to approve the proposal?

A: In Proposal One for the election of the directors, those eight nominees who receive the highest number of affirmative "FOR" votes of the shares present or represented and entitled to vote at the annual meeting will be elected. Proposal Two for the ratification of Tempur-Pedic International's independent auditors requires the affirmative "FOR" vote of a majority of the shares of common stock present or represented and entitled to vote on March 21, 2005.

[Table of Contents](#)

Q: How are the votes counted?

A: For each item up for voting, you may vote “FOR,” “AGAINST,” or you may “ABSTAIN.” In electing directors, you may also choose to withhold your vote from any specific nominee. Abstentions and broker “non-votes” are counted as present and entitled to vote for purposes of determining a quorum. A broker “non-vote” occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Election of Directors

Abstentions and broker non-votes are not counted for purposes of the election of directors.

Ratification of Auditors and Other Matters

An abstention is counted as a vote against ratification of the independent auditor and all other matters to properly come before the meeting. A broker non-vote is not counted for purposes of ratification of the independent auditor and all other matters to properly come before the meeting.

Voting results will be tabulated and certified by our transfer agent, EquiServe Trust Company, N.A.

Q: How may I vote my shares in person at the meeting?

A: Shares held directly in your name as the stockholder of record may be voted in person at the meeting. If you choose to attend the meeting, please bring the enclosed Proxy Card and proof of identification for entrance to the meeting. If you hold your shares in street name, you must request a legal proxy from your stockbroker in order to vote at the meeting.

Q: How can I vote my shares without attending the meeting?

A: Whether you hold shares directly as a stockholder of record or beneficially in street name, you may vote without attending the meeting. You may vote by granting a proxy, or for shares held in street name, by submitting voting instructions to your stockbroker or nominee. In most cases, you will be able to do this by mail. Please refer to the summary instructions included on your Proxy Card. For shares held in street name, the voting instruction card will be included by your stockbroker or nominee.

You may submit your proxy by mail by signing your Proxy Card or, for shares held in street name, by following the voting instruction card included by your stockbroker or nominee and mailing it in the enclosed, postage-paid envelope. If you provide specific voting instructions, your shares will be voted as you have instructed.

Q: How can I change my vote after I return my Proxy Card?

A: You may revoke your proxy and change your vote at any time before the final vote at the meeting. You may do this by signing and submitting a new Proxy Card with a later date or by attending the meeting and voting in person. Attending the meeting will not revoke your proxy unless you specifically request it.

Q: What is Tempur-Pedic International’s voting recommendation?

A: Our Board of Directors recommends that you vote your shares “FOR” each of the nominees to the Board (Proposal One) and FOR the ratification of the appointment of Ernst & Young LLP as Tempur-Pedic International’s independent auditors for the fiscal year ending December 31, 2005 (Proposal Two).

Q: Where can I find the voting results of the meeting?

A: The preliminary voting results will be announced at the meeting. The final results will be published in our quarterly report on Form 10-Q for the second quarter of fiscal 2005.

The Nominating and Corporate Governance Committee

The members of the Nominating and Corporate Governance Committee are Francis A. Doyle (Chair), Nancy F. Koehn and Christopher A. Masto. The Board of Directors has determined that each member of the Nominating and Corporate Governance Committee is independent as defined in the NYSE Independence Rules. The committee's responsibilities include:

- identifying individuals qualified to become members of the Board;
- recommending to the Board director nominees to be presented at the annual meeting of stockholders and to fill vacancies on the Board;
- considering and making recommendations concerning director nominees proposed by stockholders; and
- developing and recommending to the Board corporate governance guidelines for the Company.

Table of Contents

The Nominating and Corporate Governance Committee met one (1) time in 2004 and acted by written consent two (2) times. A copy of the Nominating and Corporate Governance Committee charter as adopted by our Board of Directors is available on Tempur-Pedic International's web site <http://www.tempurpedic.com/ir>. The charter is available in print to any stockholder who requests it in writing by contacting the Chief Financial Officer of Tempur-Pedic International at 1713 Jaggie Fox Way, Lexington, Kentucky 40511.

Director Qualifications

The Nominating and Corporate Governance Committee of the Board of Directors is responsible for reviewing with the Board of Directors from time to time the appropriate qualities, skills and characteristics desired of members of the Board of Directors in the context of the needs of the business and the composition of the Board of Directors. This assessment includes consideration of the following minimum qualifications that the Nominating and Corporate Governance Committee believes must be met by all directors:

- Directors must have a reputation for integrity, honesty and adherence to high ethical standards;
- Directors must have the ability to exercise sound business judgment;
- Directors must have substantial business or professional experience and be able to offer meaningful advice and guidance to the Company's management based on that experience; and
- Directors must be able to devote the time and effort necessary to fulfill their responsibilities to the Company.

The Nominating and Corporate Governance Committee also considers numerous other qualities, skills and characteristics when evaluating director nominees, including whether the nominee has specific strengths that would augment existing skills and experience of the Board of Directors, such as an understanding of and experience in accounting, governance, finance or marketing and whether the nominee has leadership experience with public companies or other sophisticated and complex organizations.

Process for Identifying and Evaluating Director Nominees

The Nominating and Corporate Governance Committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisors as appropriate, or through such other methods as the Nominating and Corporate Governance Committee deems to be helpful to identify candidates. Although the Nominating and Corporate Governance Committee will consider nominees recommended by stockholders, the Committee believes that the process it uses to identify and evaluate nominees for director is designed to produce nominees that possess the educational, professional, business and personal attributes that are best suited to further the Company's mission. The Committee may identify nominees through the use of professional search firms that may utilize proprietary screening techniques to match candidates to the Committee's specified qualifications. The Committee may also receive recommendations from existing directors, executive officers, key business partners, and trade or industry affiliations. With regard to the Company's newest directors, Nancy F. Koehn and Sir Paul Judge, each were initially suggested as a director candidate by a non-management director of the Company. In 2004, the Company did not employ a search firm or pay fees to other third parties in connection with seeking or evaluating Board nominee candidates. The Committee will evaluate nominations at regular or special meetings, and in evaluating nominations, will seek to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria set forth above under "Director Qualifications."

Based solely on a review of the copies of reports furnished to us, Tempur-Pedic International believes that during the year ended December 31, 2004, its executive officers, directors, and greater than 10% stockholders complied with all Section 16(a) filing requirements.

Employee Benefit Plans

2002 Stock Option Plan

In November 2002, our Board of Directors and stockholders approved a stock option plan, effective for a ten-year term, to encourage ownership of stock by our employees, directors, and consultants and to provide them with additional financial incentives. Under the plan, the number of outstanding shares of our common stock attributable to the exercise of options, together with the number of shares issuable upon the exercise of outstanding options, shall not exceed 9,907,349 shares except in the event of a stock dividend, split, reclassification or other similar corporate transaction. No individual may be granted options for more than 66²/₃% of this total number of shares.

Employees, directors, and consultants are eligible to receive options under the plan. However, directors who are not also employees are not eligible to receive incentive options. In the case of incentive options, the option price shall be not less than 100% of the fair market value of our common stock on the date the option is granted, or not less than 110% of that fair market value for a holder of 10% of our voting stock. Incentive options expire ten years after the date on which they are granted, or five years after the grant date for holders of 10% of our voting stock. Other options under the plan are not subject to such limitation.

In connection with the adoption of our 2003 Equity Incentive Plan, described below, our Board of Directors amended the 2002 Stock Option Plan to provide that no additional options will be issued under that plan.

2003 Equity Incentive Plan

Upon completion of Tempur-Pedic International's initial public offering, a new incentive compensation plan went into effect, which we refer to in this proxy statement as the 2003 Equity Incentive Plan. The 2003 Equity Incentive Plan is administered by the Compensation Committee of our Board of Directors, which committee has the exclusive authority, including the power to determine eligibility to receive awards, the types and number of shares of stock subject to the awards, the price and timing of awards and the acceleration or waiver of any vesting, and performance of forfeiture restriction. The Compensation Committee, however, does not have the authority to waive any performance restrictions for performance-based awards. As used in this proxy statement, the term "administrator" means the Compensation Committee.

Participants.

Any of our employees, our non-employee directors, consultants, and advisors to us, as determined by the Compensation Committee may be selected to participate in the 2003 Equity Incentive Plan. We may award these individuals with one or more of the following:

- stock options;
- stock appreciation rights;
- restricted stock and stock unit awards;
- performance shares;

[Table of Contents](#)

- stock grants; and
- performance-based awards.

Stock options.

Stock options may be granted under the 2003 Equity Incentive Plan, including incentive stock options, as defined under Section 422 of the Internal Revenue Code, as amended (Code), and nonqualified stock options. The option exercise price of all stock options granted under the 2003 Equity Incentive Plan will be determined by the administrator, except that any incentive stock option or any option intended to qualify as performance-based compensation under Code Section 162(m) will not be granted at a price that is less than 100% of the fair market value of the stock on the date of grant. Stock options may be exercised as determined by the administrator, but in no event after the tenth anniversary date of grant.

Upon the exercise of a stock option, the purchase price must be paid in full in either cash or its equivalent. The administrator may also allow payment by tendering previously acquired shares of our common stock with a fair market value at the time of exercise equal to the exercise price, provided such shares have been held for at least six months prior to tender and broker-assisted cashless exercises and may authorize loans for the purpose of exercise as permitted under applicable law.

Stock appreciation rights (SAR).

SAR entitles a participant to receive a payment equal in value to the difference between the fair market value of a share of stock on the date of exercise of the SAR over the grant price of the SAR. The administrator may pay that amount in cash, in shares of our common stock, or a combination. The terms, methods of exercise, methods of settlement, form of consideration payable in settlement, and any other terms and conditions of any SAR will be determined by the administrator at the time of the grant of award and will be reflected in the award agreement.

Restricted stock and stock units.

A restricted stock award or restricted stock unit award is the grant of shares of our common stock either currently (in the case of restricted stock) or at a future date (in the case of restricted stock units) at a price determined by the administrator (including zero), that is nontransferable and is subject to substantial risk of forfeiture until specific conditions or goals are met. Conditions may be based on continuing employment or achieving performance goals. During the period of restriction, participants holding shares of restricted stock may, if permitted by the administrator, have full voting and dividend rights with respect to such shares. The restrictions will lapse in accordance with a schedule or other conditions determined by the administrator.

Performance shares.

A performance share award is a contingent right to receive pre-determined shares of our common stock if certain performance goals are met. The value of performance units will depend on the degree to which the specified performance goals are achieved but are generally based on the value of our common stock. The administrator may, in its discretion, pay earned performance shares in cash, or stock, or a combination of both.

Stock Grants.

A stock grant is an award of shares of common stock within restriction. Stock grants may only be made in limited circumstances, such as in lieu of other earned compensation.

[Table of Contents](#)

Performance-based awards.

Grants of performance-based awards enable us to treat other awards granted under the 2003 Equity Incentive Plan as “performance-based compensation” under Section 162(m) of the Code and preserve the deductibility of these awards for federal income tax purposes. Because Section 162(m) of the Code only applies to those employees who are “covered employees” as defined in Section 162(m) of the Code, only covered employees, and those likely to become covered employees, are eligible to receive performance-based awards.

Participants are only entitled to receive payment for a performance-based award for any given performance period to the extent that pre-established performance goals set by the administrator for the period are satisfied. These pre-established performance goals must be based on one or more of the following performance criteria: pre- or after-tax net earnings, sales or revenue, operating earnings, operating cash flow, return on net assets, return on stockholders’ equity, return on assets, return on capital, stock price growth, stockholder returns, gross or net profit margin, earnings per share, price per share, and market share. These performance criteria may be measured in absolute terms or as compared to any incremental increase or as compared to results of a peer group. With regard to a particular performance period, the administrator has the discretion to select the length of the performance period, the type of performance-based awards to be granted, and the goals that will be used to measure the performance for the period. In determining the actual size of an individual performance-based award for a performance period, the administrator may reduce or eliminate (but not increase) the award. Generally, a participant must be employed on the date the performance-based award is paid to be eligible for a performance-based award for that period.

Shares reserved for issuance.

Subject to certain adjustments, we may issue a maximum of 8,000,000 shares of our common stock, including shares of common stock that may be issued upon the exercise of options, under the 2003 Equity Incentive Plan.

Amendment and termination.

The administrator, with our board’s approval, may terminate, amend, or modify the 2003 Equity Incentive Plan at any time; however, stockholder approval will be obtained for any amendment to the extent necessary and desirable to comply with any applicable law, regulation, or stock exchange rule. We may not make any grants under the 2003 Equity Incentive Plan after December 1, 2013.

Adoption by stockholders.

The 2003 Equity Incentive Plan has been approved by the holders of a majority of outstanding shares of our common stock.

2003 Employee Stock Purchase Plan

Upon completion of Tempur-Pedic International’s initial public offering, a new employee stock purchase plan went into effect, which we refer to in this proxy statement as the 2003 Employee Stock Purchase Plan. The 2003 Employee Stock Purchase Plan permits eligible employees (as defined in the 2003 Employee Stock Purchase Plan) to purchase up to \$25,000 worth of our common stock annually over the course of two semi-annual offering periods at a price of no less than 85% of the price per share of our common stock either at the beginning or the end of each six-month offering period, whichever is less. The Compensation Committee of our Board of Directors administers the 2003 Employee Stock Purchase Plan. Our board may amend or terminate the plan. The 2003 Employee Stock Purchase Plan complies with the requirements of Section 423 of the Code. We may issue a maximum of 500,000 shares of our common stock under this plan. This plan has been approved by the holders of a majority of outstanding shares of our common stock.

Compensation Committee Report On Executive Compensation

The information contained in this report shall not be deemed to be “soliciting material” or “filed” or incorporated by reference in future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that Tempur-Pedic International specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended (the “Securities Act”), or the Exchange Act.

The Compensation Committee of the Board of Directors establishes and administers the Company’s executive compensation programs. The Compensation Committee is composed of three directors, Messrs. Friedman and Doyle, and Sir Paul Judge. The Board of Directors has determined that each member of the Compensation Committee is “independent” as defined in the applicable New York Stock Exchange rules. No member of the Compensation Committee during fiscal year 2004 was an employee of the Company or any of its subsidiaries. Each member qualifies as a “non-employee director” under Rule 16b-3 under the Exchange Act and as an “outside director” under Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”). The Compensation Committee is responsible for developing and making recommendations to the Board of Directors on all compensation policies. In addition, on an annual basis, the Compensation Committee, pursuant to authority delegated by the Board of Directors, determines the compensation to be paid to the Company’s Chief Executive Officer and determines and recommends to the Board of Directors the compensation to be paid to the Company’s other executive officers. The specific duties and responsibilities of the Compensation Committee are further described in the Compensation Committee Charter, which is available on the Company’s website at www.tempurpedic.com/ir under the caption “Corporate Governance.”

Compensation Philosophy and Policy Overview

The Compensation Committee’s purpose is to develop and maintain compensation programs and policies reflective of the Company’s strategy to provide strong performance incentives for achieving goals to maximize stockholder value. To accomplish this, the Compensation Committee seeks to develop and maintain compensation programs based upon the following goals:

1. Align executive compensation with stockholder interests; and
2. Attract, retain and motivate an effective executive team.

The base salaries for executive officers of the Company are determined by comparing individual responsibilities with compensation and responsibilities of similar executive officers at comparable companies. In addition, a target annual incentive bonus award is based on a percentage of salary. The incentive bonus is at-risk pay, which serves to motivate the executive to perform, and comprises an appreciable portion of total executive compensation. The Compensation Committee has utilized the services of an external executive compensation consultant to provide objective and competitive data to assist the Board in developing and maintaining compensation programs that are consistent with the compensation goals described above.

The Compensation Committee and the Company believe in executive ownership of Company stock. This benefits stockholders by meaningfully aligning executive goals and decision-making to stockholder interests.

Fiscal Year 2004 Results

Under Mr. Trussell’s leadership and the performance of the Company’s executive management team, the Company:

Components of Executive Compensation

Base Salaries

In order to remain competitive with the market, the Compensation Committee reviews executive salaries as needed. Comparably sized general industrial, branded consumer products and high growth companies are selected for analysis and comparison. Executive officer salary adjustments are determined by objective and subjective evaluation of individual performance and by comparison with market data of external comparable positions, internal comparison, and applicable terms of existing employment agreements.

Annual Incentive Bonuses

Annual incentive bonuses are designed to promote strong Company performance and achievement of the Company's initiatives. Target incentive percentages are set at the beginning of the fiscal year and payout is earned according to achievement of Company goals and individual performance. The Company's executive officers participate in an executive bonus plan. This plan is based on the achievement of key corporate performance metrics and individual performance and is intended to be qualified under Section 162(m) of the Code in order to maximize tax deductibility for the Company, while providing strong incentive for goal achievement at the highest levels of the organization. For fiscal year 2004, the key corporate performance metrics were based on net sales and EBITDA targets. The Compensation Committee intends to review its annual incentive bonus program annually to determine whether the structure of the plan and metrics should be revised to reflect changes in the Company's business and market conditions.

Long-Term Incentives

The Company supports stock ownership at all levels and makes periodic grants of stock options to executive officers under its 2003 Equity Incentive Plan. Long-term incentives are awarded to foster forward-looking motivation and long-term growth for stockholders.

Each option granted is designed to align the interests of the executive with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. The number of shares subject to each option grant is based upon the executive's tenure, level of responsibility and relative position in the Company. The Compensation Committee has established certain general guidelines in making option grants to the executives in an attempt to target a fixed number of option shares based upon the individual's position with the Company and their existing holdings of options. However, the Company does not adhere strictly to these guidelines and will vary the size of the option grant made to each executive officer as it feels the circumstances warrant.

The long-term incentive plan also permits the award of stock appreciation rights, stock awards (including restricted stock) and performance units.

Other Benefits

The Company also has various broad-based employee benefit plans. Executive officers participate in these plans on the same terms as eligible, non-executive employees, subject to any legal limits on the amounts that may be contributed or paid to executive officers under these plans. The Company offers a stock purchase plan, the 2003 Employee Stock Purchase Plan, under which employees may purchase the Company's common stock at a discount, and a 401(k) plan, which allows employees to invest in a wide array of funds on a pre-tax basis. The Company also maintains insurance and other benefit plans for its employees.

Deductibility of Compensation

Section 162(m) of the Code limits the Company's deduction for compensation paid to the executive officers named in the Summary Compensation Table to \$1 million unless certain requirements are met. For fiscal year 2004, the requirements for deductible compensation under Section 162(m) were met for all executive officers. The policy of the Compensation Committee with respect to Section 162(m) is to establish and maintain a compensation program that will optimize the deductibility of compensation. However, the Compensation Committee may exercise its right to use judgment, where appropriate to respond to changing business conditions or to an executive officer's individual performance, to authorize compensation which may not in a specific case, be fully deductible by the Company.

Chief Executive Officer Compensation

In fiscal year 2004, Mr. Trussell served in the capacity of Chief Executive Officer. The determination of Mr. Trussell's compensation followed the philosophy and policies set forth above for all other executive compensation. The Compensation Committee reviewed all components of Mr. Trussell's compensation, including salary, bonus, equity incentive compensation, accumulated realized and unrealized stock option gains, the dollar value to the executive and cost to the Company of all perquisites, and the actual projected payout obligations under several potential severance scenarios.

In 2004, Mr. Trussell received salary compensation of \$400,000, which represented a raise of \$90,000 from his salary for 2003. In addition to the other factors described above, the increase of Mr. Trussell's annual salary from \$310,000 to \$400,000 was based on an assessment of salaries paid to chief executive officers at our peer group companies and within the overall industry, the advice of an independent consultant and an assessment of Mr. Trussell's performance and expected strategic contributions to the Company's planned objectives. Mr. Trussell was also awarded an annual incentive bonus of \$240,000 based on the factors identified above, including the Company's net sales and EBITDA and a discretionary component based on the Company's strong performance. Because of the Company's strong results of operations in 2004, Mr. Trussell achieved his incentive compensation targets.

**TEMPUR-PEDIC INTERNATIONAL INC.
AUDIT COMMITTEE CHARTER**

Charter

This charter governs the operations of the Audit Committee (the “**Committee**”) of the Board of Directors (the “**Board**”) of Tempur-Pedic International Inc. (the “**Company**”). At least annually, the Committee shall review and reassess this charter and recommend any proposed changes to the Board for its approval.

Membership

The Committee shall be composed of at least three directors, each of whom is independent of management and the Company. Members of the Committee shall be considered independent if they satisfy the requirements for independence set forth in Rule 10A-3(b)(1) under the Exchange Act and the requirements of the New York Stock Exchange, Inc. (the “**NYSE**”) as set forth in Section 303A(2) of the NYSE’s Listed Company Manual, and any and all additional requirements of the NYSE and rules and regulations of the Securities and Exchange Commission (the “**Commission**”) at such time as the Company is subject to these requirements. Notwithstanding the foregoing, a non-independent director may serve on the Committee, or the committee may consist of two independent directors, to the extent allowed pursuant to any and all transitional rules or exemptions specified by the NYSE and the Commission, including but not limited to the transitional rules in effect pending the effectiveness of NYSE Rule 303A.

All Committee members shall be financially literate as such qualification is interpreted by the Board in its business judgment, or shall become financially literate within a reasonable period of time after their appointment to the Committee. At least one member shall have accounting or related financial management expertise, as interpreted by the Board in its business judgment, sufficient to satisfy the requirements of the NYSE.

The Committee and its Chairman shall be appointed by the Board. To the extent that the nomination or recommendation of Committee members is delegated to the Nominating and Corporate Governance Committee of the Board or another appropriately designated and chartered Committee of the Board, such appointments shall be made pursuant to such nominations or recommendations. Any Committee member may be replaced by the Board at any time.

Meetings

The Committee shall meet as often as it shall determine, but not less frequently than quarterly. The Committee may request any officer or employee of the Company or the Company’s outside counsel or independent auditor to attend a meeting of the Committee or to meet with any members of, or any consultant to, the Committee.

Except as otherwise provided by the Certificate of Incorporation or By-Laws of the Company, the frequency, location and operation of meetings and similar procedural matters relating to the Committee shall, to the extent applicable, be the same as those that relate to meetings of, and procedural matters concerning, the Board. The Committee shall adopt procedures regarding the recording, distribution, and approval of minutes of meetings of the Committee.

Purposes

The Committee shall assist the Board in overseeing the integrity of the Company’s financial statements, the Company’s compliance with legal and regulatory requirements, the independent auditor’s qualifications and independence, the performance of the Company’s independent auditors, and the responsibility, function, and

performance of the Company's internal auditors and audit function. The Committee shall also prepare on an annual basis a report for inclusion in the Company's proxy statement. In carrying out its duties, it is the goal of the Committee to maintain free and open communication among the Committee, independent auditor, internal auditor, and management of the Company. The Committee shall periodically hold separate meetings with the internal auditor or other personnel responsible for the internal audit function, the independent auditor, and management of the Company to facilitate communication and the Committee's oversight responsibilities. In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company.

Duties and Responsibilities

The primary responsibility of the Committee is to select and appoint the independent auditor, oversee the Company's financial reporting process on behalf of the Board and report the results of its activities to the Board. Management is responsible for preparing the Company's financial statements, and the independent auditor is responsible for auditing those financial statements. The Committee, in carrying out its responsibilities, believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The Committee should take the appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior.

The Committee may form and delegate authority to subcommittees consisting of one or more members when appropriate. In addition, the Committee is authorized to engage, and the Company shall provide funding for, such independent counsel and other advisors as the Committee may deem necessary or advisable to retain to assist the Committee in carrying out its duties. The Company shall provide appropriate funding, as determined by the Committee, for payment of compensation to any such counsel or other advisors, compensation to any public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, and ordinary administrative expenses of the Committee that are necessary or appropriate for carrying out the Committee's duties.

The following shall be the principal recurring processes of the Committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the Committee may supplement them as appropriate.

Relating to the Independent Auditor

- The Committee shall have a clear understanding with management and the independent auditor that the independent auditor is ultimately accountable to the Committee, as representatives of the Company's stockholders. The Committee shall have the sole authority to appoint (subject, if applicable, to ratification by the stockholders of the Company), retain, compensate, terminate, and replace the independent auditor. The Committee may receive input from management on these matters but shall not delegate these responsibilities. The Committee shall be responsible for the oversight of the independent auditor, including the resolution of any disagreements between management and the independent auditor regarding financial reporting or other matters.
- The Committee shall have the sole authority to approve the scope, fees and terms of all audit engagements, as well as all permissible non-audit engagements of the independent auditor. The Committee shall pre-approve all audit and permissible nonaudit services to be performed for the Company by the independent auditor, giving effect to the "de minimus" exception for ratification of certain non-audit services set forth in Section 10A(i)(1)(B) of the Exchange Act. On an annual basis, the Committee shall consider whether the provision of non-audit services by the independent auditor, on an overall basis, is compatible with maintaining the independent auditor's independence from management.
- The Committee shall, at least annually, obtain and review a report by the independent auditor describing the firm's internal quality-control procedures, any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental

or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues, and all relationships between the independent auditor and the company. The Committee shall discuss with the auditors their independence from management and the Company and shall review all additional written disclosures provided by the independent auditor. The Committee shall evaluate the auditor's qualifications, performance, and independence, including the performance of the auditor's lead partner, taking into consideration the opinions of management and the Company's internal auditors. The Committee shall ensure the rotation of the lead partner and the audit partner responsible for reviewing the audit to the extent required by law, and shall consider whether regular rotation of the audit firm is necessary or appropriate to ensure continuing auditor independence. The Committee shall report on its evaluation and conclusions, and any actions taken pursuant thereto, to the Board.

- The Committee shall establish clear policies governing the hiring of employees or former employees of the independent auditors.

Relating to Audits and Financial Statements

- The Committee shall discuss with the independent auditor the overall scope and plans for the annual audit. In addition, the Committee shall discuss with management, the independent auditor, and the internal auditor the adequacy and effectiveness of the accounting and financial controls, including the Company's system to monitor and manage business risk, and legal and ethical compliance programs.
- The Committee shall review with management and the independent auditor the audited financial statements (including management's discussion and analysis contained therein) to be included in the Company's Annual Report on Form 10-K, including its judgment as to the quality, and not only the acceptability, of accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements. The Committee also shall discuss the results of the annual audit and any other matters required to be communicated to the Committee by the independent auditor under generally accepted accounting principles. Based on the foregoing and on review of other information made available to the Committee, the Committee shall recommend to the Board whether the audited financial statements should be included in the Company's Form 10-K. In addition, the Committee shall prepare annually a report to the stockholders of the Company, as required by the rules of the Commission.
- The Committee shall similarly review with management and the independent auditor the interim financial statements with management and the independent auditor prior to the filing of each of the Company's Quarterly Reports on Form 10-Q. The Committee also shall discuss the results of the quarterly review and any other matters required to be communicated to the Committee by the independent auditor under generally accepted accounting principles. The chairman of the Committee may represent the entire Committee for the purposes of this review.
- The Committee shall review with the independent auditor any audit problems or difficulties encountered during the course of the audit work, including Company management's response to these difficulties. This review shall include a discussion of any restrictions on the scope of the auditor's activities or access to requested information, as well as any significant disagreements with Company management. The Committee shall discuss with the independent auditor any noted or proposed accounting adjustments that were "passed," communications between the auditors and the audit firm's national office regarding auditing or accounting issues presented by the engagement, and any proposed "management" or "internal control" letters.
- The Committee shall discuss with the independent auditor any additional matters required to be discussed pursuant to Statement on Auditing Standards No. 61 and shall obtain from the independent auditor assurance that Section 10A(b) of the Exchange Act (including auditor discovery that illegal acts may have occurred) has not been implicated.

Table of Contents

- The Committee shall review each report of the independent auditor, delivered to the Committee pursuant to Section 10A(k) under the Exchange Act, concerning: (a) all critical accounting policies and practices to be used, (b) all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments and the treatment preferred by the independent auditor and (c) other material written communications between the independent auditor and management, such as any management letter or schedule of unadjusted differences.
- The Committee shall review the disclosures made by officers of the Company in the certification required to be filed (a) as part of the Company's Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q, regarding any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in the Company's internal controls and (b) pursuant to Section 302 of the Sarbanes-Oxley Act of 2002, regarding the compliance of periodic reports and their fair presentation of the Company's financial statements and results of operations.
- The Committee shall, when required, review the plans for and compliance with Section 404 of the Sarbanes-Oxley Act for "Management Assessment of the Internal Controls" including reviewing the results of Management's assessment and reviewing the results of the independent auditor's required report for the assessment.

Relating to the Internal Audit Function

- The Committee shall establish, or determine that there have been established, guidelines and procedures for the maintenance of an internal audit function and shall assist with Board oversight of the internal audit function.
- The Committee shall select and engage the internal auditor and shall meet regularly with the internal auditor to discuss the internal auditor's assessment of the Company's risk management processes and system of internal control.
- The Committee shall at least annually discuss with the Company's independent auditor the responsibilities, budget and staffing of the Company's internal audit function.

Relating to Other Compliance Matters

- The Committee shall report regularly to the Board to review any issues which arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the performance and independence of the Company's independent auditors, and the performance of the Company's internal audit function.
- The Committee shall establish, or determine that there have been established, procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters and shall monitor ongoing compliance with those provisions.
- The Committee shall regularly discuss the type of information to be disclosed and types of presentations to be made in connection with the company's earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies.
- The Committee shall at least annually review and discuss the Company's policies with respect to risk assessment and risk management. While the Committee shall not be solely responsible for the Company's risk assessment and risk management functions, the Committee shall discuss policies and guidelines to govern the process by which the Company undertakes these functions.

Table of Contents

- The Committee shall review such other reports, adopt such other policies and implement such other procedures as shall be necessary to comply with the rules and regulations that, from time to time, may be established by the NYSE or the Commission.
- With respect to any reference in this Charter to the NYSE or Commission requirements, the Committee shall be required to comply with these requirements when the Company is subject to the requirements of the NYSE or the Commission.
- The Committee shall, on an annual basis, complete a self-evaluation of the Committee's performance. The Committee shall report on the results of this self-evaluation to the Board.
