“We continue to demonstrate the resilience of our business model as we generate profits, invest in our business, return capital to shareholders, and outperform the global bedding market.”  
- Scott Thompson, Chairman & CEO

## PURPOSE

# To Improve the Sleep of More People, Every Night, All Around the World

### Who We Are

Tempur Sealy is committed to improving the sleep of more people, every night, all around the world. As a leading designer, manufacturer, distributor and retailer of bedding products worldwide, we know how crucial a good night of sleep is to overall health and wellness. Utilizing over a century of knowledge and industry-leading innovation, we deliver award-winning products that provide breakthrough sleep solutions to consumers in over 100 countries.

Our highly recognized brands include Tempur-Pedic®, Sealy® and Stearns & Foster® and our popular non-branded offerings consist of value-focused private label and OEM products. At Tempur Sealy we understand the importance of meeting our customers wherever and however they want to shop and have developed a strong omni-channel retail strategy. Our products allow for complementary merchandising strategies and are sold through third-party retailers, our 700+ Company-owned stores worldwide and our e-commerce channels. With the range of our offerings and variety of purchasing options, we are dedicated to continuing to turn our mission to improve the sleep of more people, every night, all around the world into a reality.

Importantly, we are committed to carrying out our global responsibility to protect the environment and the communities in which we operate. As part of that commitment, we have established the goal of achieving carbon neutrality for our global wholly owned operations by 2040.

### Global Bedding Industry<sup>1</sup>

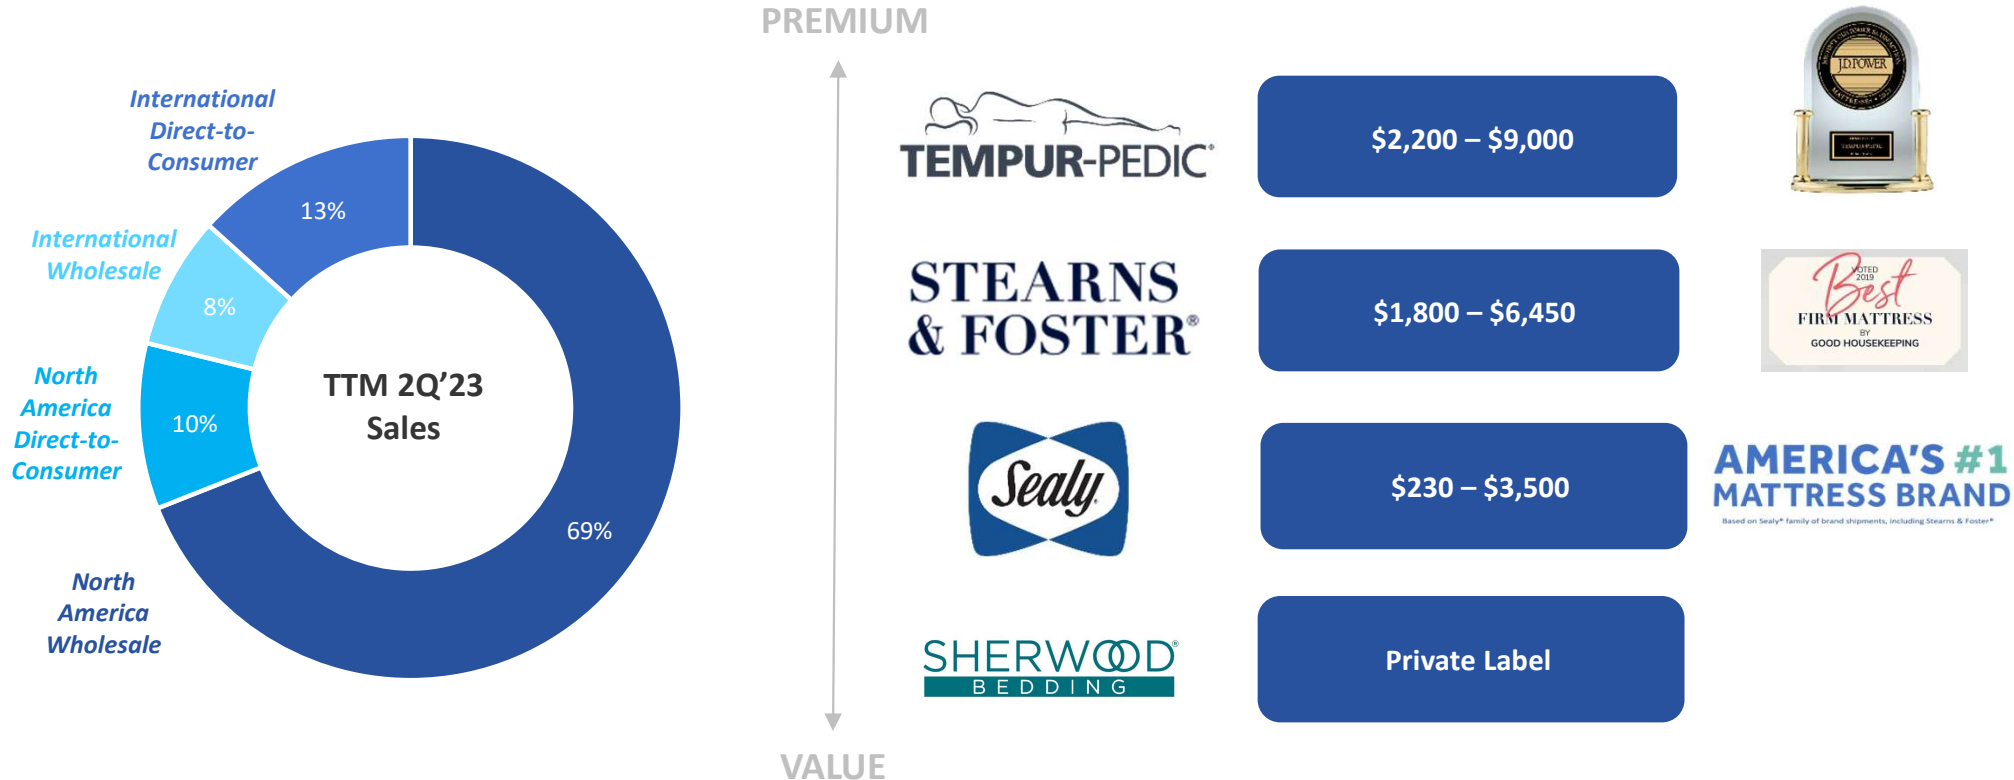

*Estimated global bedding market includes mattresses, foundations, pillows and other bedding products*

# A Premium Leader in a Growing Bedding Industry

- Headquartered in Lexington, KY, Tempur Sealy International, Inc. is the leading global bedding products company, with a portfolio of iconic brands including Tempur-Pedic, Sealy and Stearns & Foster
- TPX manufactures mattresses, pillows and related accessories across price points and distributes its products through multiple channels, including third-party brick & mortar retailers, its owned websites and third-party online platforms, as well as its owned stores
- TPX focuses on premium bedding with its Tempur-Pedic and Stearns & Foster brands

# TPX at a Glance

## Industry

- The global bedding industry of ~\$120 billion<sup>1</sup> has historically experienced consistent growth.
- The U.S. bedding averages mid-single digit growth annually, driven by units and dollars.<sup>1</sup>
- The international bedding is highly fragmented and about 40% larger than the size of the U.S. market.<sup>1</sup>

## Consumer

- Consumers continue to make the connection between a good night's sleep and health & wellness.
- Recent enhanced focus on health has strengthened the wellness trend.
- Consumer confidence, consumer spending, the housing market, and the wealth effect correlate with the bedding industry.

## Tempur Sealy

- Global omni-channel distribution strategy to be where the consumer wants to shop.
- Track record of developing and marketing differentiated products through consumer-centric innovation for the total global bedding market.
- Robust free cash flow<sup>2</sup> and fortified balance sheet that provide flexibility to take advantage of industry and market opportunities and return capital to shareholders.

# Investment Thesis

The leading vertically integrated global bedding company with iconic brands and extensive manufacturing capabilities

Over the long term, the bedding industry has consistently grown through ASP and unit expansion

History of market share gains across global omnichannel distribution

Legacy of strong value creation via capital allocation including share buybacks and acquisitions

Seasoned, well-aligned management with proven track record

# Experienced Team's Value Creation

- Since management change in 2015, sales have increased 57%, adjusted EBITDA<sup>2</sup> has nearly doubled, and GAAP EPS has increased more than 8x under current leadership

## U.S. Industry Historical Volumes<sup>1</sup>

### U.S. Produced Mattress Units (Units in millions)

Source: ISPA

- U.S. produced units declined -17% y/y to 20.4M in 2022 and we expect U.S. produced units could decline a further -7% y/y to 19.0M in 2023.
- 2022 and projected 2023 volumes are well below the industry 20-year average of 18.1M units
- U.S. produced units as a percent of total U.S. population is also trending at a 10-year trough. We estimate the metric could decline to 5.7% in 2023 relative to the 10-year average of 7.0%.
- 2022 and 2023 unit demand is a significant deviation from the U.S. produced mattress unit CAGR of 2.5% between 2011 – 2021.
- Anticipate U.S. produced mattress unit y/y trends will slowly improve but remain negative in 2H 2023.
- We outperformed the broader U.S. produced industry unit trends in 2022. We are well positioned to outperform the industry in 2023 and beyond.

## Third-Party Retailers

- Largest pillar of our omni-channel distribution strategy, grounded in win-win relationships
- Broad-based worldwide distribution through over 5,400 retail partners
- Global sales force of over 500 people supporting our portfolio of brands
- While we are well-represented today, we are pursuing opportunities to further expand our third-party retail presence

## U.S. OEM Expansion

- Expanded into OEM market through the acquisition of Sherwood Bedding in 2020; a 3rd generation American manufacturer of private label innerspring mattresses, and subsequently began exploring opportunities to leverage foam-pouring capabilities to manufacture private label foam mattresses
- Our OEM business leverages global manufacturing expertise, diversifies sales streams and realizes the manufacturing profits of the bedding brands it produces
- Opportunity to serve as a provider for third-party bedding brands (including retailers' private label brands) at value-end price points
- Expected to drive down overall cost per unit
- We see an opportunity to grow our OEM operations to \$600 million<sup>1</sup> of annualized sales

# Stearns & Foster Opportunity

With more than 175 years of history, Stearns & Foster is positioned to become the luxury leader in innerspring beds. We have several initiatives underway with an objective of more than doubling Stearns & Foster to be our next billion-dollar brand

- We are launching an all-new collection of Stearns & Foster products in 2023. This updated portfolio features superior innovation, an elevated design and enhanced step-up opportunities, all intended to further differentiate Stearns & Foster.
- After years of no direct advertising, we supported Stearns & Foster with record advertising in 2022 and continued investments in 2023. These campaigns are designed to increase consumer awareness and desire to purchase a premium innerspring mattress.
- We have meaningfully expanded Stearns & Foster's omni-channel presence through 20% slot growth at third-party retailers in 2023, combined with the expansion of Stearns & Foster into DTC e-commerce in late 2022.

# Expanding Global Licensing Sales

## Brand Extension Licensees:

- We license our Tempur-Pedic, Sealy and Stearns & Foster brands across North America, Europe and Asia, to drive incremental profits and expand brand awareness
- Licensed products are complementary to our core operations and include sleep-adjacent categories such as bedding, pajamas, and pet sleep

## Sealy Manufacturing Licensees:

- Our 27 licensee manufacturing facilities generate high return on investment
- They represent a low-risk opportunity to introduce our brands and products in regions in which we do not currently operate, primarily across EMEA, APAC, and Latin America

# 2023 Outlook<sup>4</sup>

Expect full-year adjusted EPS<sup>2</sup> between \$2.50 and \$2.70

Projected Adjusted EPS<sup>2</sup> CAGR of 29% 2018-2023

Our 2023 expectations include:

- Sales to be consistent to slightly up compared to prior year, driven by:
  - Growth driven by execution on our initiatives
  - The benefit of discounted floor models related to new product launches and the wraparound impact of pricing
  - Partially offset by global industry headwinds
- Sales and marketing investments of approximately \$20 million related to new product launches
- Record advertising spend of approximately \$500M
- Resulting in adjusted EBITDA<sup>2</sup> of approximately \$940M at the midpoint

# Flexible Cost Structure<sup>1</sup>

## Cost of Goods Sold Variability

## Operating Expense Variability

- The business model is highly-variable, with 85% of COGS and 45% of operating expenses flexing with sales
- In total, the variability of our operating cost structure is approximately 70%
- Our business model also provides opportunity for costs to further flex with sales

<sup>1</sup>Including discretionary cost cuts, we estimate a total of 80% of expenses could flex with sales

Any forward-looking statements contained herein are based upon current expectations and beliefs and various assumptions. There can be no assurance that the Company will realize these expectations, meet its guidance, or that these beliefs will prove correct.

Numerous factors, many of which are beyond the Company's control, could cause actual results to differ materially from any that may be expressed herein as forward-looking statements. These potential risks include the factors discussed in the Company's Annual Report on Form 10-K for the year ended December 31, 2022, and in the Company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2023. There may be other factors that may cause the Company's actual results to differ materially from the forward-looking statements. The Company undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made.

Note Regarding Historical Financial Information:

In this investor presentation we provide or refer to certain historical information for the Company. For a more detailed discussion of the Company's financial performance, please refer to the Company's SEC filings.

The Company is neither reconfirming this guidance as of the date of this investor presentation nor assuming any obligation to update or revise such guidance. See above.

# Use of Non-GAAP Financial Measures Information

In this investor presentation and certain of its press releases and SEC filings, the Company provides information regarding adjusted net income, adjusted EPS, EBITDA, adjusted EBITDA, free cash flow, consolidated indebtedness less netted cash, and leverage, which are not recognized terms under U.S. Generally Accepted Accounting Principles (“GAAP”) and do not purport to be alternatives to net income and earnings per share as a measure of operating performance, an alternative to cash provided by operating activities as a measure of liquidity, or an alternative to total debt. The Company believes these non-GAAP measures provide investors with performance measures that better reflect the Company’s underlying operations and trends, including trends in changes in margin and operating expenses, providing a perspective not immediately apparent from net income and operating income. The adjustments management makes to derive the non-GAAP measures include adjustments to exclude items that may cause short-term fluctuations in the nearest GAAP measure, but which management does not consider to be the fundamental attributes or primary drivers of the Company’s business.

The Company believes that exclusion of these items assists in providing a more complete understanding of the Company’s underlying results from continuing operations and trends, and management uses these measures along with the corresponding GAAP financial measures to manage the Company’s business, to evaluate its consolidated and business segment performance compared to prior periods and the marketplace, to establish operational goals and management incentive goals, and to provide continuity to investors for comparability purposes. Limitations associated with the use of these non-GAAP measures include that these measures do not present all the amounts associated with the Company’s results as determined in accordance with GAAP. These non-GAAP measures should be considered supplemental in nature and should not be construed as more significant than comparable measures defined by GAAP. Because not all companies use identical calculations, these presentations may not be comparable to other similarly titled measures of other companies. For more information regarding the use of these non-GAAP financial measures, please refer to the reconciliations on the following pages and the Company’s SEC filings.

## EBITDA and Adjusted EBITDA

A reconciliation of the Company’s GAAP net income to EBITDA and adjusted EBITDA per credit facility (which we refer to in this investor presentation as adjusted EBITDA) is provided on the subsequent slides. Management believes that the use of EBITDA and adjusted EBITDA per credit facility provides investors with useful information with respect to the Company’s operating performance and comparisons from period to period as well as the Company’s compliance with requirements under its credit agreement.

## Adjusted Net Income and Adjusted EPS

A reconciliation of the Company’s GAAP net income to adjusted net income and a calculation of adjusted EPS are provided on subsequent slides. Management believes that the use of adjusted net income and adjusted EPS also provides investors with useful information with respect to the Company’s operating performance and comparisons from period to period. Forward-looking Adjusted EPS is a non-GAAP financial measure. The Company is unable to reconcile this forward-looking non-GAAP measure to EPS, its most directly comparable forward-looking GAAP financial measure, without unreasonable efforts, because the Company is currently unable to predict with a reasonable degree of certainty the type and extent of certain items that would be expected to impact EPS in 2023.

## Leverage

Consolidated indebtedness less netted cash to adjusted EBITDA per credit facility, which the Company may refer to as leverage, is provided on a subsequent slide and is calculated by dividing consolidated indebtedness less netted cash, as defined by the Company’s senior secured credit facility, by adjusted EBITDA per credit facility. The Company provides this as supplemental information to investors regarding the Company’s operating performance and comparisons from period to period, as well as general information about the Company’s progress in managing its leverage.
