**Item 7.01. Regulation FD Disclosure**

Tempur-Pedic International Inc. (the “Company”) confirmed today that the Company and the union representing hourly workers at its Denmark facility have signed a two year labor agreement. Hourly workers have returned to work and the matter has been resolved on mutually acceptable terms.

The Company noted it believes the impact of this matter has been minimal and the plant is fully operational at this time.

The information in this report shall not be deemed to be “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to the liability of that section, and shall not be incorporated by reference into any registration statement or other document filed under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.

**Forward-looking Statements**

This current report contains “forward-looking statements,” within the meaning of federal securities laws, which include information concerning one or more of the Company’s plans, objectives, goals, strategies, and other information that is not historical information. When used in this current report, the words “expects,” “anticipates,” “plans,” “intends,” “believes,” and variations of such words or similar expressions are intended to identify forward-looking statements. All forward-looking statements, including without limitation, statements relating to negotiations, anticipated resolution and plant disruption, are based upon current expectations and beliefs and various assumptions. There can be no assurance that the Company will realize these expectations or that these beliefs will prove correct.

There are a number of risks and uncertainties that could cause actual results to differ materially from the forward-looking statements contained in this current report. Numerous factors, many of which are beyond the Company’s control, could cause actual results to differ materially from those expressed as forward-looking statements. These risk factors include general economic and industry conditions and consumer confidence; uncertainties arising from global events; the Company’s ability to effectively negotiate with the hourly workers in Denmark and maintain amicable relations; and the Company’s ability to continuously improve its product line, maintain efficient, timely and cost-effective production and delivery of its products, and manage its growth. Additional information concerning these and other risks and uncertainties are discussed in the Company’s filings with the Securities and Exchange Commission, including without limitation the Company’s annual report on Form 10-K under the headings “Special Note Regarding Forward-Looking Statements” and “Risk Factors.” Any forward-looking statement speaks only as of the date on which it is made, and the Company undertakes no obligation to update any forward-looking statements for any reason, including to reflect events or circumstances after the date on which such statements are made or to reflect the occurrence of anticipated or unanticipated events or circumstances.
