Exhibit	Description
99.1	Document titled "Tempur Sealy Provides Updated Historical Financial Information Based on New Business Segments"

**TEMPUR SEALY PROVIDES UPDATED HISTORICAL FINANCIAL INFORMATION  
BASED ON NEW BUSINESS SEGMENTS**

Tempur Sealy International, Inc. (the "Company") has updated its historical financial information for 2014 and 2013 in line with its new business segments.

The Company has updated its business segment reporting in light of the progress made in 2013 and 2014 integrating Sealy Corporation and its historical subsidiaries ("Sealy") into its business. Going forward, the Company will provide reportable business segment net sales, gross profit and operating income data for "North America" and "International" segments. "North America" includes results for the U.S. and Canada, and "International" includes everything outside the U.S. and Canada. Corporate operating expenses will not be included in either of the reportable business segments and will be presented separately as a reconciling item to the Company's results. Historically, the Company's reportable business segments were as follows: Tempur North America (Tempur US and Tempur Canada); Tempur International (Tempur businesses outside of the U.S. and Canada, which also sell Sealy branded products); and Sealy (on a global basis). The majority of corporate operating expenses were included in the Tempur North America reportable business segment, and a portion of corporate operating expenses were included in the Sealy reportable business segment.

Additionally, the Company has updated its channel reporting categories. Going forward, the Company will provide channel level net sales data for "Retail" and "Other". "Retail" is unchanged from the Company's prior classification and "Other" now includes direct-to-consumer, third party distributors, hospitality, and health care customers. Historically, the Company has provided channel level net sales data using the following categories: Retail (furniture and bedding retailers, department stores and warehouse clubs, among others); Direct (sales to consumers directly through our e-commerce platforms, company-owned stores, and our call centers); and Other (third party distributors, hospitality, and healthcare customers).

The Company will continue to provide product net sales data by "Bedding" and "Other". "Bedding" includes mattresses, foundations and adjustable foundations and "Other" includes pillows and various other comfort products.

**SELECTED FINANCIAL INFORMATION**

The following tables present consolidated and recast reportable business segment net sales, gross profit and operating income data for 2014 and 2013, by quarter and full year. The information presented for the Company is for all periods, except for Sealy, which is for all periods since March 18, 2013, the date the Company completed the acquisition of Sealy. In addition, the information presented only reflects the recategorization of net sales, gross profit and operating income data and no other adjustments to the historical information have been made.
