## Special Note Regarding Forward-Looking Statements

This Quarterly Report on Form 10-Q, (this "Report"), including the information incorporated by reference herein, contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), which includes information concerning one or more of our plans; objectives; goals; strategies and other information that is not historical information. Many of these statements appear, in particular, under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations" in Part I, ITEM 2 of this Report. When used in this Report, the words "assumes," "estimates," "expects," "guidance," "anticipates," "might," "projects," "predicts," "plans," "proposed," "targets," "intends," "believes," "will," "may," "could," "is likely to" and variations of such words or similar expressions are intended to identify forward-looking statements. These forward-looking statements are based upon our expectations and beliefs and various assumptions. There can be no assurance that we will realize our expectations or that our beliefs will prove correct.

Numerous factors, many of which are beyond the Company's control, could cause actual results to differ materially from any that may be expressed herein as forward-looking statements in this Report. These risk factors include the impact of the macroeconomic environment including its impact on consumer behavior in both the U.S. and internationally on our business segments and expectations regarding growth of the mattress industry; changes in economic conditions, including inflationary trends in the price of raw materials; uncertainties arising from global events (including the Russia-Ukraine conflict), labor costs and other employment-related costs; loss of suppliers and disruptions in the supply of raw materials; the effects of strategic investments on our operations, including our efforts to expand our global market share and actions taken to increase sales growth and including the pending merger with Mattress Firm Group Inc. ("Mattress Firm"); the ability to develop and successfully launch new products; capital project timelines; the ability to realize all synergies and benefits of acquisitions; our reliance on information technology ("IT") and the associated risks involving realized or potential security lapses and/or cyber based attacks; the impact of cybersecurity incidents (including the July 2023 incident) on our business, results of operations or financial condition, including our assessments of such impact; the Company's ability to restore its critical operational data and IT systems in a reasonable time frame following a cybersecurity incident; changes in interest rates; effects of changes in foreign exchange rates on our reported earnings; expectations regarding our target leverage and our share repurchase program; compliance with regulatory requirements and the possible exposure to liability for failures to comply with these requirements; the outcome of pending tax audits or other tax, regulatory or investigation proceedings and pending litigation; changes in foreign tax rates and changes in tax laws generally, including the ability to utilize tax loss carryforwards; and our capital structure and debt level, including our ability to meet financial obligations and continue to comply with the terms and financial ratio covenants of our credit facilities.

Other potential risk factors include the factors discussed in our Annual Report on Form 10-K for the year ended December 31, 2022 (the "2022 Annual Report") and in this Quarterly Report on Form 10-Q for the quarter ended June 30, 2023. In addition, there may be other factors that may cause our actual results to differ materially from the forward-looking statements.

All forward-looking statements attributable to us apply only as of the date of this Report and are expressly qualified in their entirety by the cautionary statements included in this Report. Except as may be required by law, we undertake no obligation to publicly update or revise any of the forward-looking statements, whether as a result of new information, future events, or otherwise.

When used in this Report, except as specifically noted otherwise, the term "Tempur Sealy International" refers to Tempur Sealy International, Inc. only, and the terms "Company," "we," "our," "ours" and "us" refer to Tempur Sealy International, Inc. and its consolidated subsidiaries. When used in this Report, the term "Tempur" may refer to Tempur-branded products and the term "Sealy" may refer to Sealy-branded products or to Sealy Corporation and its historical subsidiaries, in all cases as the context requires. In addition, when used in this Report, "2019 Credit Agreement" refers to the Company's senior credit facility entered into in 2019; "2029 Senior Notes" refers to the 4.00% senior notes due 2029 issued in 2021; and "2031 Senior Notes" refers to the 3.875% senior notes due 2031 issued in 2021.

**TEMPUR SEALY INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (unaudited)**

**(1) Summary of Significant Accounting Policies**

(a) *Basis of Presentation and Description of Business.* Tempur Sealy International, Inc., a Delaware corporation, together with its subsidiaries, is a U.S. based, multinational company. The term "Tempur Sealy International" refers to Tempur Sealy International, Inc. only, and the term "Company" refers to Tempur Sealy International, Inc. and its consolidated subsidiaries.

The Company designs, manufactures and distributes bedding products, which include mattresses, foundations and adjustable bases, and other products, which include pillows and other accessories. The Company also derives income from royalties by licensing Sealy® and Stearns & Foster® brands, technology and trademarks to other manufacturers. The Company sells its products through two sales channels: Wholesale and Direct.

The Company has ownership interests in Asia-Pacific joint ventures to develop markets for Sealy® and Stearns & Foster® branded products and ownership in a United Kingdom joint venture to manufacture, market, and distribute Sealy® and Stearns & Foster® branded products. The Company's ownership interests in each of these joint ventures is 50.0%. The equity method of accounting is used for these joint ventures, over which the Company has significant influence but does not have control, and consolidation is not otherwise required. The Company's equity in the net income and losses of these investments is reported in equity income in earnings of unconsolidated affiliates in the accompanying Condensed Consolidated Statements of Income.

The accompanying unaudited Condensed Consolidated Financial Statements have been prepared in accordance with the instructions to Form 10-Q and Article 10 of Regulation S-X and include all of the information and disclosures required by generally accepted accounting principles in the United States ("GAAP") for interim financial reporting. These unaudited Condensed Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements of the Company and related footnotes for the year ended December 31, 2022, included in the 2022 Annual Report filed with the Securities and Exchange Commission on February 17, 2023.

The results of operations for the interim periods are not necessarily indicative of results of operations for a full year. It is the opinion of management that all necessary adjustments for a fair presentation of the results of operations for the interim periods have been made and are of a recurring nature unless otherwise disclosed herein.

(b) *Adoption of New Accounting Standards*

*Reference Rate Reform.* In March 2020, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2020-04, "Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting," which provides guidance on the accounting impacts due to the expected market transition from the London Interbank Offered Rate ("LIBOR") and other interbank offered rates to alternative reference rates, such as the Secured Overnight Financing Rate ("SOFR"). The FASB continued to refine its guidance with the January 2021 ASU 2021-01 issued update, "Reference Rate Reform (Topic 848): Scope" and the December 2022 ASU 2022-06 issued update, "Reference Rate Reform (Topic 848): Deferral of the Sunset Date of Topic 848", of which all were effective upon issuance. These updates provide entities with certain optional relief expedients and exceptions for applying GAAP to contract modifications, hedge accounting, and other transactions affected by reference rate reform if certain criteria are met. An entity that makes this election would present and account for a modified contract as a continuation of the existing contract. Entities are afforded these relief options until December 31, 2024, after which time they will no longer be permitted. In May 2023, the Company amended its 2019 Credit Agreement to transition the applicable reference rate from LIBOR to SOFR. See "Note 4 - Debt" for additional details. The results of this guidance did not have a material impact on the condensed consolidated financial statements.

**TEMPUR SEALY INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (unaudited) (continued)**

(c) *Inventories.* Inventories are stated at the lower of cost or net realizable value, determined by the first-in, first-out method, and consist of the following:

<i>(in millions)</i>	June 30, 2023	December 31, 2022
Finished goods	\$ 346.4	\$ 352.9
Work-in-process	17.5	19.4
Raw materials and supplies	165.4	182.7
	<u>\$ 529.3</u>	<u>\$ 555.0</u>

(d) *Warranties.* The Company provides warranties on certain products, which vary by segment, product and brand. Estimates of warranty expenses are based primarily on historical claims experience and product testing. Estimated future obligations related to these products are charged to cost of sales in the period in which the related revenue is recognized. The Company considers the impact of recoverable salvage value on warranty costs in determining its estimate of future warranty obligations.

The Company provides warranties on mattresses with varying warranty terms. Tempur-Pedic mattresses sold in the North America segment and all Sealy mattresses have warranty terms ranging from 10 to 25 years, generally non-prorated for the first 10 to 15 years and then prorated for the balance of the warranty term. Tempur-Pedic mattresses sold in the International segment have warranty terms ranging from 5 to 15 years, non-prorated for the first 5 years and then prorated on a straight-line basis for the last 10 years of the warranty term. Tempur-Pedic pillows have a warranty term of 3 years, non-prorated.

The Company had the following activity for its accrued warranty expense from December 31, 2022 to June 30, 2023:

<i>(in millions)</i>		
Balance as of December 31, 2022	\$	41.6
Amounts accrued		11.4
Warranties charged to accrual		(9.0)
Balance as of June 30, 2023	<u>\$</u>	<u>44.0</u>

As of June 30, 2023 and December 31, 2022, \$19.9 million and \$17.8 million of accrued warranty expense is included as a component of accrued expenses and other current liabilities and \$24.1 million and \$23.8 million of accrued warranty expense is included in other non-current liabilities on the Company's accompanying Condensed Consolidated Balance Sheets, respectively.

(e) *Allowance for Credit Losses.* The allowance for credit losses is the Company's best estimate of the amount of expected lifetime credit losses in the Company's accounts receivable. The Company regularly reviews the adequacy of its allowance for credit losses. The Company estimates losses over the contractual life using assumptions to capture the risk of loss, even if remote, based principally on how long a receivable has been outstanding. As of June 30, 2023, the Company's accounts receivable were substantially current. Other factors considered include historical write-off experience, current economic conditions and also factors such as customer credit, past transaction history with the customer and changes in customer payment terms. Account balances are charged off against the allowance for credit losses after all reasonable means of collection have been exhausted and the potential for recovery is considered remote. The allowance for credit losses is included in accounts receivable, net in the accompanying Condensed Consolidated Balance Sheets.

The Company had the following activity for its allowance for credit losses from December 31, 2022 to June 30, 2023:

<i>(in millions)</i>		
Balance as of December 31, 2022	\$	62.4
Amounts accrued		4.2
Write-offs charged against the allowance		(1.2)
Balance as of June 30, 2023	<u>\$</u>	<u>65.4</u>

(f) *Fair Value.* Financial instruments, although not recorded at fair value on a recurring basis, include cash and cash equivalents, accounts receivable, accounts payable and the Company's debt obligations. The carrying value of cash and cash equivalents, accounts receivable and accounts payable approximate fair value because of the short-term maturity of those instruments. Borrowings under the 2019 Credit Agreement and the securitized debt are at variable interest rates and accordingly their carrying amounts approximate fair value. The fair value of the following material financial instruments were based on Level 2 inputs, which include observable inputs estimated using discounted cash flows and market-based expectations for interest rates, credit risk and the contractual terms of debt instruments. The fair values of these material financial instruments are as follows:

<i>(in millions)</i>	Fair Value			
	June 30, 2023		December 31, 2022	
2029 Senior Notes	\$	693.6	\$	672.7

(g) *Definitive Agreement with Mattress Firm.* On May 9, 2023, Tempur Sealy International and Mattress Firm entered into a definitive agreement and plan of merger (the "Merger Agreement") for a proposed business acquisition in which Tempur Sealy International, through a wholly-owned subsidiary, will acquire Mattress Firm in a transaction valued at approximately \$4.0 billion. The transaction is expected to be funded by approximately \$2.7 billion of cash consideration and the issuance of 34.2 million shares of common stock resulting in a total stock consideration value of \$1.3 billion based on a closing share price of \$37.62 as of May 8, 2023.

The Company expects the transaction to close in the second half of 2024, subject to the satisfaction of customary closing conditions, including applicable regulatory approvals. Following the close of the transaction, Mattress Firm is expected to operate as a separate business unit within the Company.

- (4) Interest at one month LIBOR index plus 70 basis points.
- (5) New finance lease obligations are a non-cash financing activity.

As of June 30, 2023, the Company was in compliance with all applicable debt covenants.

**2019 Credit Agreement**

On October 16, 2019, the Company entered into the 2019 Credit Agreement with a syndicate of banks. The 2019 Credit Agreement, as amended, provides for a \$725.0 million revolving credit facility and a \$725.0 million term loan facility. On May 19, 2023, the Company entered into an amendment to the 2019 Credit Agreement that replaced LIBOR with SOFR as the reference rate for U.S. dollar-denominated loans. Borrowings under the amended Credit Agreement will bear interest at a base rate or a rate equal to SOFR plus an applicable margin. For the revolving credit facility and the term loan facility such applicable margins are determined by a pricing grid based on the consolidated total net leverage ratio of the Company.

The Company had \$282.0 million in outstanding borrowings under its revolving credit facility as of June 30, 2023. Total remaining availability under the revolving credit facility was \$442.4 million after a \$0.6 million reduction for outstanding letters of credit as of June 30, 2023.

**Securitized Debt**

The Company and certain of its subsidiaries are party to a securitization transaction with respect to certain accounts receivable due to the Company and certain of its subsidiaries (as amended, the "Accounts Receivable Securitization"). On April 6, 2023, the Company and certain of its subsidiaries entered into a second amendment to the Accounts Receivable Securitization. The amendment, among other things, extended the maturity date of the Accounts Receivable Securitization to April 7, 2025. While subject to a \$200.0 million overall limit, the availability of revolving loans varies over the course of the year based on the seasonality of the Company's accounts receivable. As of June 30, 2023, the Company had completely drawn on the outstanding availability of the Accounts Receivable Securitization with borrowings of \$175.3 million.

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (unaudited) (continued)**

**(5) Stockholders' Equity**

(a) *Treasury Stock*. As of June 30, 2023, the Company had approximately \$774.5 million remaining under its share repurchase authorization. The Company did not repurchase shares, under the program, during the three months ended June 30, 2023. The Company repurchased 4.4 million shares, under the program, for approximately \$117.0 million during the three months ended June 30, 2022. The Company repurchased 0.1 million and 16.6 million shares, under the program, for approximately \$5.0 million and \$566.2 million during the six months ended June 30, 2023 and 2022, respectively.

In addition, the Company acquired shares upon the vesting of certain restricted stock units ("RSUs") and performance restricted stock units ("PRSUs"), which were withheld to satisfy tax withholding obligations during each of the three and six months ended June 30, 2023 and 2022, respectively. The shares withheld were valued at the closing price of the stock on the New York Stock Exchange on the vesting date or first business day prior to vesting, resulting in approximately \$0.3 million and \$0.2 million in treasury stock acquired during the three months ended June 30, 2023 and 2022, respectively. The Company acquired approximately \$31.0 million and \$45.8 million in treasury stock during the six months ended June 30, 2023 and 2022, respectively.

(b) *AOCL*. AOCL consisted of the following:

<i>(in millions)</i>	Three Months Ended June 30,		Six Months Ended June 30,

**(7) Stock-Based Compensation**

The Company's stock-based compensation expense for the three and six months ended June 30, 2023 and 2022 included PRSUs, non-qualified stock options and RSUs. A summary of the Company's stock-based compensation expense is presented in the following table:

<i>(in millions)</i>	Three Months Ended June 30,		Six Months Ended June 30,	
	2023	2022	2023	2022
PRSU expense	\$ 7.8	\$ 7.9	\$ 12.9	\$ 16.2
Option expense	0.5	—	1.1	—
RSU expense	5.1	5.1	10.2	10.7
Total stock-based compensation expense	\$ 13.4	\$ 13.0	\$ 24.2	\$ 26.9

The Company grants PRSUs to executive officers and certain members of management. Actual payout under the PRSUs is dependent upon the achievement of certain financial goals. During the first quarter of 2023, the Company granted PRSUs as a component of the long-term incentive plan ("2023 PRSUs"). The Company has recorded stock-based compensation expense related to the 2023 PRSUs during the three and six months ended June 30, 2023, as it was probable that the Company would achieve the specified performance targets for the performance period.

**(8) Commitments and Contingencies**

The Company is involved in various legal and administrative proceedings incidental to the operations of its business. The Company believes that the outcome of all such pending proceedings in the aggregate will not have a material adverse effect on its business, financial condition, liquidity or operating results.

**(9) Income Taxes**

The Company's effective tax rates for the three months ended June 30, 2023 and 2022 were 25.7% and 23.7%, respectively. The Company's effective tax rates for the six months ended June 30, 2023 and 2022 were 24.1% and 23.0%, respectively. The Company's effective tax rates for the three and six months ended June 30, 2023 and 2022 differed from the U.S. federal statutory rate of 21.0% principally due to subpart F income (i.e., global intangible low-taxed income, or "GILTI," earned by the Company's foreign subsidiaries), foreign income tax rate differentials, state and local taxes, changes in the Company's uncertain tax positions, the excess tax benefit related to stock-based compensation and certain other permanent items.

The Company has been involved in a dispute with the Danish Tax Authority ("SKAT") regarding the royalty paid by a U.S. subsidiary of Tempur Sealy International to a Danish subsidiary (the "Danish Tax Matter") for tax years 2012 through current. The royalty is paid by the U.S. subsidiary for the right to utilize certain intangible assets owned by the Danish subsidiary in the U.S. production process. In November 2018, the Company entered into the Advanced Pricing Agreement program (the "APA Program") requesting SKAT and the U.S. Internal Revenue Service ("IRS") to directly negotiate a mutually acceptable agreement on the Danish Tax Matter.

During December 2022, pursuant to the negotiations described above with respect to the APA Program, SKAT and the IRS preliminarily concluded on a mutually acceptable framework ("Preliminary Framework") to resolve the Danish Tax Matter for the 2012 to 2022 tax years. If ultimately agreed upon by the two tax authorities, the terms of the Preliminary Framework would extend to the years 2023 and 2024, as well. The Preliminary Framework is not a definitive agreement, but its terms provide updated definitive data for the Company to determine the potential Danish income tax exposure for the 2012 to 2022 tax years as well as the associated deferred tax asset for the U.S. correlative benefit for such periods. Subsequent to December 31, 2022, the Company began discussions individually with both SKAT and the IRS regarding the implementation of the Preliminary Framework. In this regard, it is expected that the Preliminary Framework will be finalized into a definitive agreement in 2023. Starting January 1, 2023 the Company adopted the terms of the Preliminary Framework in the calculation of the royalty described above. As such, there is no uncertain income tax liability or deferred tax asset associated with 2023.

**TEMPUR SEALY INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (unaudited) (continued)**

The uncertain income tax liability for the Danish Tax Matter for the years 2012 through 2022 was approximately \$38.5 million and \$37.8 million at June 30, 2023 and December 31, 2022, respectively, and is reflected in the Company's Condensed Consolidated Balance Sheet in accrued expenses and other current liabilities.

The deferred tax asset for the U.S. correlative benefit associated with the accrual of Danish Tax Matter for the 2012 to 2022 tax years was approximately \$21.6 million for both periods ended June 30, 2023 and December 31, 2022.

As of June 30, 2023, the Company had made the following tax deposits related to assessments received by SKAT for the Danish Tax Matter for the years 2012 through 2016, which are reflected in the Company's Condensed Consolidated Balance Sheet in other current assets:

<i>(in millions)</i>	<b>USD</b>	
VAT deposits remaining with SKAT	\$	1.4
Deposit payments		58.3
<b>Total</b>	<b>\$</b>	<b>59.7</b>

If the Company is not successful in concluding the Preliminary Framework for the 2012 to 2022 tax years or if there is a change in facts and circumstances as it relates to the Danish Tax Matter, the Company may be required to further increase its uncertain income tax position associated with this matter, or decrease its deferred tax asset, also related to this matter, which could have a material impact on the Company's reported earnings.

There were no other significant changes in the Danish Tax Matter or other uncertain tax positions during the six months ended June 30, 2023.

### **(10) Earnings Per Common Share**

The following table sets forth the components of the numerator and denominator for the computation of basic and diluted earnings per share for net income attributable to Tempur Sealy International:

<i>(in millions, except per common share amounts)</i>	<b>Three Months Ended</b>		<b>Six Months Ended</b>

Denominator for diluted earnings per common share-adjusted weighted average shares	<u>176.8</u>	<u>178.8</u>	<u>176.8</u>	<u>183.7</u>
<b>Basic earnings per common share</b>	<u>\$ 0.54</u>	<u>\$ 0.52</u>	<u>\$ 1.03</u>	<u>\$ 1.24</u>
<b>Diluted earnings per common share</b>	<u>\$ 0.52</u>	<u>\$ 0.51</u>	<u>\$ 1.01</u>	<u>\$ 1.20</u>

The Company excluded 0.6 million and 0.4 million shares from the diluted earnings per common share computation because their exercise price was greater than the average market price of Tempur Sealy International's common stock or they were otherwise anti-dilutive for the three and six months ended June 30, 2023 and 2022, respectively. Holders of non-vested stock-based compensation awards do not have voting rights but do participate in dividend equivalents distributed upon the award vesting.

**(11) Business Segment Information**

The Company operates in two segments: North America and International. These segments are strategic business units that are managed separately based on geography. The North America segment consists of manufacturing and distribution subsidiaries, joint ventures and licensees located in the U.S., Canada and Mexico. The International segment consists of manufacturing and distribution subsidiaries, joint ventures and licensees located in Europe, Asia-Pacific and Latin America (other than Mexico). The Company evaluates segment performance based on net sales, gross profit and operating income.

The Company's North America and International segment assets include investments in subsidiaries that are appropriately eliminated in the Company's accompanying Condensed Consolidated Financial Statements. The remaining inter-segment eliminations are comprised of intercompany accounts receivable and payable.

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis should be read in conjunction with the 2022 Annual Report, including "Management's Discussion and Analysis of Financial Condition and Results of Operations" included in ITEM 7 of Part II of the 2022 Annual Report, and the accompanying Condensed Consolidated Financial Statements and notes thereto included in this Report. Unless otherwise noted, all of the financial information in this Report is consolidated financial information for the Company. The forward-looking statements in this discussion regarding the mattress and pillow industries, our expectations regarding our future performance, liquidity and capital resources and other non-historical statements in this discussion are subject to numerous risks and uncertainties. See "Special Note Regarding Forward-Looking Statements" elsewhere in this Report, in the 2022 Annual Report and the section titled "Risk Factors" contained in ITEM 1A of Part I of the 2022 Annual Report and in this Report. Our actual results may differ materially from those contained in any forward-looking statements.

In this discussion and analysis, we discuss and explain the consolidated financial condition and results of operations for the three and six months ended June 30, 2023, including the following topics:

- an overview of our business and strategy;
- results of operations, including our net sales and costs in the periods presented as well as changes between periods;
- expected sources of liquidity for future operations; and
- our use of certain non-GAAP financial measures.

### Business Overview

#### General

We are committed to improving the sleep of more people, every night, all around the world. As a leading designer, manufacturer, distributor and retailer of bedding products, we know how crucial a good night of sleep is to overall health and wellness. Utilizing over a century of knowledge and industry-leading innovation, we deliver award-winning products that provide breakthrough sleep solutions to consumers in over 100 countries. Our highly recognized brands include Tempur-Pedic®, Sealy® and Stearns & Foster® and our non-branded offerings include private label and original equipment manufacturer ("OEM") products.

We operate in two segments: North America and International. These segments are strategic business units that are managed separately based on geography. Our North America segment consists of manufacturing and distribution subsidiaries, joint ventures and licensees located in the U.S., Canada and Mexico. Our International segment consists of manufacturing and distribution subsidiaries, joint ventures and licensees located in Europe, Asia-Pacific and Latin America (other than Mexico). Corporate operating expenses are not included in either of the segments and are presented separately as a reconciling item to consolidated results. We evaluate segment performance based on net sales, gross profit and operating income. For additional information refer to Note 11, "Business Segment Information," included in Part I, ITEM 1 of this Report.

Our distribution model operates through an omni-channel strategy. Our products are sold through third-party retailers, our more than 700 company-owned stores and our e-commerce platforms. We distribute through two channels in each operating business segment: Wholesale and Direct. Our Wholesale channel consists of third-party retailers, including third-party distribution, hospitality and healthcare. Our Direct channel includes company-owned stores, online and call centers.

#### General Business and Economic Conditions

We believe the bedding industry is structured for sustained growth, driven by product innovation, sleep technology advancements, consumer confidence, housing formations and population growth. The industry is no longer engaged in uneconomical retail store expansion, startups have shifted from uneconomical strategies to becoming profitable and legacy retailers and manufacturers have become skilled in producing profitable online sales.

Over the last decade, consumers have made the connection between a good night's sleep and overall health and wellness. As consumers make this connection they are willing to invest more in their bedding purchases, which positions us well for long-term growth. In the first half of 2023, global consumer spending continued to be unfavorably impacted by macroeconomic pressures, particularly from inflation and rising interest rates.

### *Definitive Agreement with Mattress Firm.*

On May 9, 2023, Tempur Sealy International and Mattress Firm entered into a definitive agreement and plan of merger (the "Merger Agreement") for a proposed business acquisition in which Tempur Sealy International, through a wholly-owned subsidiary, will acquire Mattress Firm in a transaction valued at approximately \$4.0 billion. The transaction is expected to be funded by approximately \$2.7 billion of cash consideration and the issuance of 34.2 million shares of common stock, resulting in a total stock consideration value of \$1.3 billion based on a closing share price of \$37.62 as of May 8, 2023.

We expect the transaction to close in the second half of 2024, subject to the satisfaction of customary closing conditions, including applicable regulatory approvals. Following the close of the transaction, Mattress Firm is expected to operate as a separate business unit.

### *Cybersecurity Event*

On July 31, 2023, we disclosed a cybersecurity event identified on July 23, 2023 affecting certain of our data and IT systems. Upon discovery of the event, we activated our incident response and business continuity plans designed to contain the incident. This included proactively shutting down certain of our IT systems, resulting in the temporary interruption of our operations. Legal counsel, a cybersecurity forensic firm and other incident response professionals have been engaged to advise on the matter. We have also notified law enforcement authorities.

We have incurred, and we may continue to incur, certain expenses related to this attack, including expenses to respond to, remediate and investigate this matter. Such expenses, net of any insurance coverage provided for under our cybersecurity insurance policy, may be significant. Our cybersecurity insurance policy provides coverage for certain losses not to exceed \$5.0 million over the annual term of the policy, and we have not yet submitted a claim for this incident. Our assessment of the impact of this event remains ongoing, but we currently do not expect it to have a material impact on our business, operations or financial results. Based on estimated lost production due to the shutdown of our IT systems for one week, we currently estimate a potential negative impact to net sales of approximately 2% in the third quarter of 2023. The cybersecurity event did not have any impact on our financial results for the second quarter of 2023.

### *Product Launches*

In the second quarter of 2023, we completed the rollout of our North American Stearns & Foster® portfolio that began in 2022. The new line is designed to further distinguish our high-end traditional innerspring brand and includes superior technologies, clear product step-up stories and a new, contemporary look.

We also completed the launch of our new portfolio of Tempur-Pedic® Breeze mattresses and Tempur-Ergo® Smart Bases in the second quarter of 2023. The new lineup of Tempur-Pedic® Breeze products builds upon our successful legacy Breeze portfolio. The updated collection features incremental innovation and technologies that were designed to be a solution to the most common causes of poor sleep, including aches and pains, sleeping hot and snoring. The upgraded Tempur-Ergo® Smart Base assortment features improved ergonomic design with new, proprietary lumbar support, upgraded Sleeptracker-AI® technology and industry-leading relaxation modes, including Wave Form™ massage.

In our International segment, we launched an all-new line of Tempur® products in over 90 markets through our wholly-owned subsidiaries and third-party distributors in 2023. We expect this new line of products to broaden Tempur®'s price range, with the super-premium price point ceiling maintained and the floor expanded into the premium category to broaden our global addressable market.

## Results of Operations

A summary of our results for the three months ended June 30, 2023 include:

- Total net sales increased 4.8% to \$1,269.7 million as compared to \$1,211.0 million in the second quarter of 2022. On a constant currency basis, which is a non-GAAP financial measure, total net sales increased 5.0%, with an increase of 5.3% in the North America business segment and an increase of 3.9% in the International business segment.
- Gross margin was 42.7% as compared to 41.0% in the second quarter of 2022. Adjusted gross margin, which is a non-GAAP financial measure, was 42.9% as compared to 41.7% in the second quarter of 2022.
- Operating income increased 10.4% to \$158.8 million as compared to \$143.9 million in the second quarter of 2022. Adjusted operating income, which is a non-GAAP financial measure, was \$171.8 million as compared to \$159.9 million in the second quarter of 2022.
- Net income increased 2.0% to \$92.4 million as compared to \$90.6 million in the second quarter of 2022. Adjusted net income, which is a non-GAAP financial measure, was \$102.0 million as compared to \$103.2 million in the second quarter of 2022.
- Earnings per diluted share ("EPS") increased 2.0% to \$0.52 as compared to \$0.51 in the second quarter of 2022. Adjusted EPS, which is a non-GAAP financial measure, was \$0.58 in the second quarter of 2023 and 2022.

For a discussion and reconciliation of non-GAAP financial measures as discussed above to the corresponding GAAP financial results, refer to the non-GAAP financial information set forth below under the heading "Non-GAAP Financial Information."

We may refer to net sales, earnings or other historical financial information on a "constant currency basis," which is a non-GAAP financial measure. These references to constant currency basis do not include operational impacts that could result from fluctuations in foreign currency rates. To provide information on a constant currency basis, the applicable financial results are adjusted based on a simple mathematical model that translates current period results in local currency using the comparable prior corresponding period's currency conversion rate. This approach is used for countries where the functional currency is the local country currency. This information is provided so that certain financial results can be viewed without the impact of fluctuations in foreign currency rates, thereby facilitating period-to-period comparisons of business performance. Constant currency information is not recognized under GAAP, and it is not intended as an alternative to GAAP measures. Refer to Part I, ITEM 3 of this Report for a discussion of our foreign currency exchange rate risk.

## NET SALES

(in millions)	Three Months Ended June 30,							
	2023		2022		2023		2022	
	Consolidated		North America		International			
<i>Net sales by channel</i>								
Wholesale	\$ 989.2	\$ 939.1	\$ 896.0	\$ 847.8	\$ 93.2	\$ 91.3		
Direct	280.5	271.9	120.8	116.9	159.7	155.0		
Total net sales	<u>\$ 1,269.7</u>	<u>\$ 1,211.0</u>	<u>\$ 1,016.8</u>	<u>\$ 964.7</u>	<u>\$ 252.9</u>	<u>\$ 246.3</u>		

Net sales increased 4.8%, and on a constant currency basis increased 5.0%. The change in net sales was driven by the following:

- *North America* net sales increased \$52.1 million, or 5.4%, primarily driven by the success of new product launches for Tempur-Pedic® and Stearns & Foster®. On a constant currency basis, North America net sales increased 5.3%. Net sales in the Wholesale channel increased \$48.2 million, or 5.7%. Net sales in the Direct channel increased \$3.9 million, or 3.3%.
- *International* net sales increased \$6.6 million, or 2.7%. On a constant currency basis, International net sales increased 3.9%. Net sales in the Wholesale channel increased 3.2% on a constant currency basis. Net sales in the Direct channel increased 4.3% on a constant currency basis.

## GROSS PROFIT

(in millions, except percentages)	Three Months Ended June 30,					
	2023			2022		
	Gross Profit	Gross Margin	Margin Change	Gross Profit	Gross Margin	Margin Change
North America	\$ 403.4	39.7 %	1.8 %	\$ 365.8	37.9 %	1.8 %
International	138.9	54.9 %	1.8 %	130.7	53.1 %	1.8 %
Consolidated gross margin	<u>\$ 542.3</u>	<u>42.7 %</u>	<u>1.7 %</u>	<u>\$ 496.5</u>	<u>41.0 %</u>	<u>1.7 %</u>

Costs associated with net sales are recorded in cost of sales and include the costs of producing, shipping, warehousing, receiving and inspecting goods during the period, as well as depreciation and amortization of long-lived assets used in the manufacturing process.

Our gross margin is primarily impacted by the relative amount of net sales contributed by our premium or value products. Our value products have a significantly lower gross margin than our premium products. If sales of our value priced products increase relative to sales of our premium priced products, our gross margins will be negatively impacted in both our North America and International segments.

Our gross margin is also impacted by fixed cost leverage based on manufacturing unit volumes; the cost of raw materials; operational efficiencies due to the utilization in our manufacturing facilities; product, brand, channel and country mix; foreign exchange fluctuations; volume incentives offered to certain retail accounts; participation in our retail cooperative advertising programs; and costs associated with new product introductions. Future changes in raw material prices could have a significant impact on our gross margin. Our margins are also impacted by the growth in our Wholesale channel as sales in our Wholesale channel are at wholesale prices, whereas sales in our Direct channel are at retail prices.

Gross margin improved 170 basis points. The primary drivers of changes in gross margin by segment are discussed below:

- *North America* gross margin improved 180 basis points. The improvement in gross margin was primarily driven by pricing actions of 220 basis points and normalizing commodity costs of 190 basis points. Additionally, in 2022, we incurred \$5.4 million of manufacturing facility enterprise resource planning ("ERP") system transition costs, which were not incurred in 2023. These improvements were partially offset by product launch costs of 180 basis points and operational headwinds of 80 basis points.
- *International* gross margin improved 180 basis points. The improvement in gross margin was primarily driven by favorable mix of 150 basis points and pricing actions.

## OPERATING EXPENSES

Selling and marketing expenses include advertising and media production associated with the promotion of our brands, other marketing materials such as catalogs, brochures, videos, product samples, direct customer mailings and point of purchase materials and sales force compensation. We also include in selling and marketing expense certain new product development costs, including market research and new product testing.

General, administrative and other expenses include salaries and related expenses, IT, professional fees, depreciation and amortization of long-lived assets not used in the manufacturing process, expenses for administrative functions and research and development costs.

Operating expenses increased \$32.5 million, or 9.1%, and increased 120 basis points as a percentage of net sales. The primary drivers of changes in operating expenses by segment are explained below:

- *North America* operating expenses increased \$9.6 million, or 4.4%, and decreased 20 basis points as a percentage of net sales. The increase in operating expenses was primarily driven by product launch initiatives.
- *International* operating expenses increased \$11.7 million, or 12.0%, and increased 360 basis points as a percentage of net sales. The increase in operating expenses was primarily driven by investments in advertising and product launch initiatives.
- *Corporate* operating expenses increased \$11.2 million, or 29.5%, primarily driven by \$10.6 million of transaction costs related to the pending acquisition of Mattress Firm.

Research and development expenses for the three months ended June 30, 2023 were \$7.3 million compared to \$7.7 million for the three months ended June 30, 2022, a decrease of \$0.4 million or 5.2%.

	OPERATING INCOME

Total operating income	\$ 158.8	12.5 %	\$ 143.9	11.9 %	0.6 %	

Operating income increased \$14.9 million and operating margin improved 60 basis points. The primary drivers of changes in operating income and operating margin by segment are discussed below:

- *North America* operating income increased \$28.0 million and operating margin improved 200 basis points. The improvement in operating margin was primarily driven by the improvement in gross margin of 180 basis points and operating expense deleverage of 20 basis points.
- *International* operating income decreased \$1.9 million and operating margin declined 110 basis points. The decline in operating margin was driven by operating expense deleverage of 360 basis points offset by the improvement in gross margin of 180 basis points.
- *Corporate* operating expenses increased \$11.2 million, which negatively impacted our consolidated operating margin.

	Three Months Ended June 30,		
	2023	2022	% Change
(in millions, except percentages)			
Interest expense, net	\$ 33.6	\$ 23.7	41.8 %

Interest expense, net, increased \$9.9 million, or 41.8%. The increase in interest expense, net, was primarily driven by increased average levels of outstanding debt and higher interest rates on our variable rate debt.

	INCOME TAX PROVISION

(in millions, except percentages)			
Income tax provision	\$ 32.2	\$ 28.3	13.8 %
Effective tax rate	25.7 %	23.7 %	

Our income tax provision includes income taxes associated with taxes currently payable and deferred taxes and includes the impact of net operating losses for certain of our foreign operations.

Our income tax provision increased \$3.9 million due to an increase in income before income taxes. Our effective tax rate for the three months ended June 30, 2023 as compared to the prior year increased by 200 basis points. The effective tax rates as compared to the U.S. federal statutory rates for the three months ended June 30, 2023 and 2022 included a net favorable impact of other discrete items.

Operating expenses increased \$52.6 million, or 7.6%, and increased 180 basis points as a percentage of net sales. The primary drivers of changes in operating expenses by segment are explained below:

- *North America* operating expenses increased \$20.6 million, or 4.9%, and increased 60 basis points as a percentage of net sales. The increase in operating expenses was primarily driven by investments in advertising and product launch initiatives.
- *International* operating expenses increased \$17.5 million, or 8.4%, and increased 420 basis points as a percentage of net sales. The increase in operating expenses was primarily driven by investments in advertising and product launch initiatives.
- *Corporate* operating expenses increased \$14.5 million, or 20.3%. The increase in operating expenses was primarily driven by \$15.8 million of transaction costs related to the pending acquisition of Mattress Firm.

Research and development expenses were \$14.8 million for the six months ended June 30, 2023 as compared to \$15.5 million for the six months ended June 30, 2022, a decrease of \$0.7 million, or 4.5%.

#### OPERATING INCOME

(in millions, except percentages)	Six Months Ended June 30,					
	2023			2022		
	Operating Income	Operating Margin	Operating Income	Operating Margin	Margin Change	
North America	\$ 310.1	16.0 %	\$ 301.5	15.9 %	0.1 %	
International	78.1	14.4 %	102.6	18.5 %	(4.1)%

Corporate expenses	(86.1)		(71.6)			
Total operating income	<u>\$ 302.1</u>	12.2 %	<u>\$ 332.5</u>	13.6 %	(1.4)%	

Operating income decreased \$30.4 million and operating margin declined 140 basis points. The primary drivers of changes in operating income and operating margin by segment are discussed below:

- *North America* operating income increased \$8.6 million and operating margin improved 10 basis points. The improvement in operating margin was primarily driven by the improvement in gross margin of 70 basis points, offset by operating expense deleverage of 60 basis points.
- *International* operating income decreased \$24.5 million and operating margin declined 410 basis points. The decline in operating margin was primarily driven by operating expense deleverage of 420 basis points, offset by the improvement in gross margin of 20 basis points.
- *Corporate* operating expenses increased \$14.5 million, which negatively impacted our consolidated operating margin.

## INTEREST EXPENSE, NET

(in millions, except percentages)	Six Months Ended June 30,		
	2023	2022	% Change
Interest expense, net	\$ 66.4	\$ 44.6	48.9 %

Interest expense, net, increased \$21.8 million, or 48.9%. The increase in interest expense, net, was primarily driven by increased average levels of outstanding debt and higher interest rates on our variable rate debt.

## INCOME TAX PROVISION

(in millions, except percentages)	Six Months Ended June 30,		
	2023	2022	% Change
Income tax provision	\$ 56.7	\$ 66.4	(14.6)%
Effective tax rate	24.1 %	23.0 %	

Our income tax provision decreased \$9.7 million due to a decrease in income before income taxes. Our effective tax rate for the six months ended June 30, 2023 as compared to the prior year increased 110 basis points. The effective tax rates as compared to the U.S. federal statutory rates for the six months ended June 30, 2023 and 2022 included the net favorable impact of the deductibility of stock compensation in the U.S., which were offset by the unfavorable impact of other discrete items.

## Liquidity and Capital Resources

### Liquidity

Our principal sources of funds are cash flows from operations, supplemented with borrowings in the capital markets and made pursuant to our credit facilities and cash and cash equivalents on hand. Principal uses of funds consist of payments of principal and interest on our debt facilities, share repurchases, acquisitions, payments of dividends to our shareholders, capital expenditures and working capital needs.

As of June 30, 2023, we had net working capital of \$247.4 million, including cash and cash equivalents of \$101.8 million, as compared to a working capital of \$214.0 million, including cash and cash equivalents of \$69.4 million, as of December 31, 2022.

At June 30, 2023, total cash and cash equivalents were \$101.8 million, of which \$61.2 million was held in the U.S. and \$40.6 million was held by subsidiaries outside of the U.S. The amount of cash and cash equivalents held by subsidiaries outside of the U.S. and not readily convertible into the U.S. Dollar or other major foreign currencies is not material to our overall liquidity or financial position.

### Cash Provided by (Used in) Operations

The table below presents net cash provided by (used in) operating, investing and financing activities from operations for the periods indicated below:

(in millions)	Six Months Ended June 30,	
	2023	2022
Net cash provided by (used in) operations:		
Operating activities	\$ 250.5	\$ 66.5
Investing activities	(112.3)	(129.1)
Financing activities	(111.4)	(110.2)

Cash provided by operating activities increased \$184.0 million in the six months ended June 30, 2023 as compared to the same period in 2022. The increase in cash provided by operating activities was primarily driven by the reduction of inventory levels as compared to the prior year.

Cash used in investing activities decreased \$16.8 million in the six months ended June 30, 2023 as compared to the same period in 2022. The decrease in cash used in investing activities was driven by decreased capital expenditures related to our manufacturing capacity expansion projects nearing completion in 2023.

Cash used in financing activities increased \$1.2 million in the six months ended June 30, 2023 as compared to the same period in 2022. For the six months ended June 30, 2023, we had net repayments of \$27.6 million on our credit facilities as compared to net borrowings of \$546.2 million in the same period in 2022, driven primarily by reduced repurchases of common stock. During the six months ended June 30, 2023 and 2022, we repurchased \$35.9 million and \$612.0 million, respectively, of our common stock.

### Capital Expenditures

Capital expenditures totaled \$112.7 million and \$130.2 million for the six months ended June 30, 2023 and 2022, respectively. We currently expect our 2023 capital expenditures to be approximately \$200 million, which includes investments to complete our manufacturing capacity expansion.

### Indebtedness

Our total debt decreased to \$2,799.9 million as of June 30, 2023 from \$2,830.8 million as of December 31, 2022. Total availability under our revolving senior secured credit facility was \$442.4 million as of June 30, 2023, which matures in October 2024. We expect to amend our credit facility later this year. Refer to Note 4, "Debt" in the "Notes to Condensed Consolidated Financial Statements," under Part I, ITEM 1 for further discussion of our debt.

As of June 30, 2023, our ratio of consolidated indebtedness less netted cash to adjusted EBITDA, which is a non-GAAP financial measure, in accordance with our 2019 Credit Agreement was 3.10 times. This ratio is within the terms of the financial covenants for the maximum consolidated total net leverage ratio as set forth in the 2019 Credit Agreement, which limits this ratio to 5.00 times. As of June 30, 2023, we were in compliance with all of the financial covenants in our debt agreements, and we do not anticipate material issues under any debt agreements based on current facts and circumstances.

Our debt agreements contain certain covenants that limit restricted payments, including share repurchases and dividends. The 2019 Credit Agreement, 2029 Senior Notes and 2031 Senior Notes contain similar limitations which, subject to other conditions, allow unlimited restricted payments at times when the ratio of consolidated indebtedness less netted cash to adjusted EBITDA, which is a non-GAAP financial measure, remains below 3.50 times. In addition, these agreements permit limited restricted payments under certain conditions when the ratio of consolidated indebtedness less netted cash to adjusted EBITDA is above 3.50 times. The limit on restricted payments under the 2019 Credit Agreement, 2029 Senior Notes and 2031 Senior Notes is in part determined by a basket that grows at 50% of adjusted net income each quarter, reduced by restricted payments that are not otherwise permitted.

For additional information, refer to "Non-GAAP Financial Information" below for the calculation of the ratio of consolidated indebtedness less netted cash to adjusted EBITDA calculated in accordance with the 2019 Credit Agreement. Both consolidated indebtedness and adjusted EBITDA as used in discussion of the 2019 Credit Agreement are non-GAAP financial measures and do not purport to be alternatives to net income as a measure of operating performance or total debt.

#### *Share Repurchase Program*

Our Board of Directors authorized a share repurchase program in 2016 pursuant to which we were authorized to repurchase shares of our common stock, and the Board of Directors has authorized increases to this authorization from time to time. During the six months ended June 30, 2023, we repurchased 0.1 million shares under our share repurchase program for \$5.0 million. As of June 30, 2023, we had \$774.5 million remaining under our share repurchase authorization.

Share repurchases under this program may be made through open market transactions, negotiated purchases or otherwise, at times and in such amounts as management deems appropriate. These repurchases may be funded by operating cash flows and/or borrowings under our debt arrangements. The timing and actual number of shares repurchased will depend on a variety of factors including price, financing and regulatory requirements and other market conditions. The program is subject to certain limitations under our debt agreements. The program does not require the purchase of any minimum number of shares and may be suspended, modified or discontinued at any time without prior notice. Repurchases may be made under a Rule 10b5-1 plan, which would permit shares to be repurchased when we might otherwise be precluded from doing so under federal securities laws.

We will manage our share repurchase program based on current and expected cash flows, share price and alternative investment opportunities. As a result of the pending Mattress Firm acquisition, we have temporarily suspended our repurchase of shares in advance of closing the transaction. For further information on our share repurchase program, please refer to ITEM 5 under Part II, "Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities," in the 2022 Annual Report. Please also refer to "Issuer Purchases of Equity Securities" in ITEM 2(c) of Part II of this Report.

#### *Future Liquidity Sources and Uses*

As of June 30, 2023, we had \$544.2 million of liquidity, including \$101.8 million of cash on hand and \$442.4 million available under our revolving senior secured credit facility. In addition, we expect to generate cash flow from operations in the full year 2023. We believe that cash flow from operations, availability under our existing credit facilities and arrangements, current cash balances and the ability to obtain other financing, if necessary, will provide adequate cash funds for our foreseeable working capital needs, necessary capital expenditures, share repurchases and debt service obligations.

Our capital allocation strategy follows a balanced approach focused on supporting the business, returning shareholder value through strategic acquisition opportunities that enhance our global competitiveness, as well as quarterly dividends and opportunistic share repurchases.

The Board of Directors declared a dividend of \$0.11 per share for the third quarter of 2023. The dividend is payable on August 31, 2023 to shareholders of record as of August 17, 2023.

As of June 30, 2023, we had \$2,799.9 million in total debt outstanding and consolidated indebtedness less netted cash, which is a non-GAAP financial measure, of \$2,699.1 million. Leverage based on the ratio of consolidated indebtedness less netted cash to adjusted EBITDA, which is a non-GAAP financial measure, was 3.10 times for the trailing twelve months ended June 30, 2023. We expect our leverage ratio to return to our target range of 2.0 to 3.0 times during 2023.

Our debt service obligations could, under certain circumstances, have material consequences to our stockholders. Similarly, our cash requirements are subject to change as business conditions warrant and opportunities arise. The timing and size of any new business ventures or acquisitions that we may complete may also impact our cash requirements and debt service obligations.

#### **Non-GAAP Financial Information**

We provide information regarding adjusted net income, EBITDA, adjusted EBITDA, adjusted EPS, adjusted gross profit, adjusted gross margin, adjusted operating income (expense), adjusted operating margin, consolidated indebtedness and consolidated indebtedness less netted cash, which are not recognized terms under GAAP and do not purport to be alternatives to net income, earnings per share, gross profit, gross margin, operating income (expense) and operating margin as a measure of operating performance, or an alternative to total debt as a measure of liquidity. We believe these non-GAAP financial measures provide investors with performance measures that better reflect our underlying operations and trends, providing a perspective not immediately apparent from net income, gross profit, gross margin, operating income (expense) and operating margin. The adjustments we make to derive the non-GAAP financial measures include adjustments to exclude items that may cause short-term fluctuations in the nearest GAAP financial measure, but which we do not consider to be the fundamental attributes or primary drivers of our business.

We believe that exclusion of these items assists in providing a more complete understanding of our underlying results from operations and trends, and we use these measures along with the corresponding GAAP financial measures to manage our business, to evaluate our consolidated and business

segment performance compared to prior periods and the marketplace, to establish operational goals and to provide continuity to investors for comparability purposes. Limitations associated with the use of these non-GAAP measures include that these measures do not present all of the amounts associated with our results as determined in accordance with GAAP. These non-GAAP financial measures should be considered supplemental in nature and should not be construed as more significant than comparable financial measures defined by GAAP. Because not all companies use identical calculations, these presentations may not be comparable to other similarly titled measures of other companies. For more information about these non-GAAP financial measures and a reconciliation to the nearest GAAP financial measure, please refer to the reconciliations on the following pages.

**Adjusted Net Income and Adjusted EPS**

A reconciliation of reported net income to adjusted net income and the calculation of adjusted EPS is provided below. We believe that the use of these non-GAAP financial measures provides investors with additional useful information with respect to the impact of various adjustments as described in the footnotes below.

The following table sets forth the reconciliation of our reported net income to adjusted net income and the calculation of adjusted EPS for the three months ended June 30, 2023 and 2022:

<i>(in millions, except per share amounts)</i>	<b>Three Months Ended</b>

**EBITDA, Adjusted EBITDA and Consolidated Indebtedness less Netted Cash**

The following reconciliations are provided below:

- Net income to EBITDA and adjusted EBITDA
- Ratio of consolidated indebtedness less netted cash to adjusted EBITDA
- Total debt, net to consolidated indebtedness less netted cash

We believe that presenting these non-GAAP measures provides investors with useful information with respect to our operating performance, cash flow generation and comparisons from period to period, as well as general information about our leverage.

The 2019 Credit Agreement provides the definition of adjusted EBITDA. Accordingly, we present adjusted EBITDA to provide information regarding our compliance with requirements under the 2019 Credit Agreement.

The following table sets forth the reconciliation of our reported net income to the calculations of EBITDA and adjusted EBITDA for the three months ended June 30, 2023 and 2022:

<i>(in millions)</i>	Three Months Ended	
	June 30, 2023	June 30, 2022
Net income	\$ 92.4	\$ 90.6
Interest expense, net	33.6	23.7

- (1) In the second quarter of 2023, we recorded \$10.6 million of transaction costs, primarily related to legal and professional fees associated with the pending acquisition of Mattress Firm.
- (2) In the second quarter of 2023, we recorded \$2.4 million of operational start-up costs related to the capacity expansion of our manufacturing and distribution facilities in the U.S., including personnel and facility related costs. In the second quarter of 2022, we incurred \$3.1 million of operational start-up costs related to the capacity expansion of our manufacturing and distribution facilities in the U.S.
- (3) In the second quarter of 2022, we recorded \$9.4 million of charges related to the transition of our ERP system.
- (4) In the second quarter of 2022, we recorded \$4.1 million of restructuring costs primarily associated with headcount reductions.

The following table sets forth the reconciliation of our net income to the calculations of EBITDA and adjusted EBITDA for the trailing twelve months ended June 30, 2023:

<i>(in millions)</i>	<b>Trailing Twelve Months Ended June 30, 2023</b>	
Net income	\$	412.1

<b>Adjusted EBITDA</b>	<b>\$</b>	<b>869.4</b>
Consolidated indebtedness less netted cash	\$	2,699.1
Ratio of consolidated indebtedness less netted cash to adjusted EBITDA		3.10 times

(1) Certain subsidiaries in the International business segment are accounted for as discontinued operations and have been designated as unrestricted subsidiaries in the 2019 Credit Agreement. Therefore, these subsidiaries are excluded from our adjusted financial measures for covenant compliance purposes.

(2) In the trailing twelve months ended June 30, 2023, we recognized \$15.8 million of transaction costs associated with the pending acquisition of Mattress Firm.

(3) In the trailing twelve months ended June 30, 2023, we recognized \$9.3 million of charges related to the transition of our ERP system.

(4) In the trailing twelve months ended June 30, 2023, we recognized \$7.5 million of operational start-up costs primarily related to the capacity expansion of our manufacturing and distribution facilities in the U.S., including personnel and facility related costs.

(5) In the trailing twelve months ended June 30, 2023, we recognized \$5.9 million of restructuring costs primarily associated with headcount reductions related to organizational changes.

Under the 2019 Credit Agreement, the definition of adjusted EBITDA contains certain restrictions that limit adjustments to net income when calculating adjusted EBITDA. For the trailing twelve months ended June 30, 2023, our adjustments to net income when calculating adjusted EBITDA did not exceed the allowable amount under the 2019 Credit Agreement.

The ratio of consolidated indebtedness less netted cash to adjusted EBITDA is 3.10 times for the trailing twelve months ended June 30, 2023. The 2019 Credit Agreement requires us to maintain a ratio of consolidated indebtedness less netted cash to adjusted EBITDA of less than 5.00 times.

The following table sets forth the reconciliation of our reported total debt to the calculation of consolidated indebtedness less netted cash as of June 30, 2023. "Consolidated Indebtedness" and "Netted Cash" are terms used in the 2019 Credit Agreement for purposes of certain financial covenants.

<i>(in millions)</i>	<b>June 30, 2023</b>
Total debt, net	\$ 2,781.1
Plus: Deferred financing costs <sup>(1)</sup>	18.8
Consolidated indebtedness	2,799.9
Less: Netted cash <sup>(2)</sup>	100.8
Consolidated indebtedness less netted cash	\$ 2,699.1

(1) We present deferred financing costs as a direct reduction from the carrying amount of the related debt in the Condensed Consolidated Balance Sheets. For purposes of determining total debt for financial covenant purposes, we have added these costs back to total debt, net as calculated per the Condensed Consolidated Balance Sheets.

(2) Netted cash includes cash and cash equivalents for domestic and foreign subsidiaries designated as restricted subsidiaries in the 2019 Credit Agreement.

### **Critical Accounting Policies and Estimates**

For a discussion of our critical accounting policies and estimates, please refer to ITEM 7 under Part II, "Management's Discussion and Analysis of Financial Condition and Results of Operations," in the 2022 Annual Report. There have been no material changes to our critical accounting policies and estimates in 2023.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

The Company's market risks are discussed in detail in Item 7A of Part II of our 2022 Annual Report. Management has reassessed the quantitative and qualitative market risk disclosures described in our 2022 Annual Report and determined there were no material changes to market risks for the six months ended June 30, 2023.

### **ITEM 4. CONTROLS AND PROCEDURES**

An evaluation was performed under the supervision and with the participation of our management, including our Chief Executive Officer (principal executive officer) and Chief Financial Officer (principal financial officer), of the effectiveness of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, as of the end of the period covered by this Report. Based on that evaluation, our management, including our Chief Executive Officer and Chief Financial Officer, concluded that our disclosure controls and procedures were effective as of June 30, 2023, and were designed to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

#### **Changes in Internal Control over Financial Reporting:**

There were no changes in our internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13a-15 or 15d-15 that was conducted during the last fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## **PART II. OTHER INFORMATION**

### **ITEM 1. LEGAL PROCEEDINGS**

Information regarding legal proceedings can be found in Note 8, "Commitments and Contingencies," of the "Notes to Condensed Consolidated Financial Statements," under Part I, ITEM 1, "Financial Statements" of this Report and is incorporated by reference herein.

## ITEM 1A. RISK FACTORS

The information presented below supplements the risk factors set forth in our 2022 Annual Report. In addition to the risk factors set forth below, refer to Part I, ITEM 1A., "Risk Factors", in our 2022 Annual Report and "Special Note Regarding Forward-Looking Statements" herein for information regarding other factors that could affect our business, operating results or financial condition.

***We rely significantly on information technology and any failure, inadequacy, interruption or security lapse of that technology, including cyber-based attacks, could harm our ability to effectively operate our business.***

We rely on IT systems to operate and manage our business and to process, maintain and safeguard information essential to our business as well as information relating to third-parties, including our customers, suppliers and employees. These systems are vulnerable to events beyond our reasonable control, including cyberattacks and security breaches. Such events could result in operational slowdowns, shutdowns or other difficulties; loss of sales, revenues or market share; compromise or loss of sensitive or proprietary information, including the misappropriation of our customers' or employees' personal information; destruction or corruption of data, including valuable business data; costs of remediation, upgrades, repair or recovery; breaches of obligations to third parties under privacy laws or contracts; exhaustion of insurance coverage and increased insurance premiums; fines or lawsuits; or other damage to our reputation or customer relationships; each of which, depending on the extent or duration of the event, could materially and adversely impact our business, operating results or financial condition.

We have been subject to cybersecurity incidents. As these attacks increase and become more sophisticated, the risks associated with such an event continue to increase, particularly as our digital business footprint expands. Our security measures and internal controls are designed to protect personal data, business information, including intellectual property, and other confidential information, to prevent data loss, and to prevent or detect security breaches. However, such measures and controls do not provide absolute security in preventing these cybersecurity events from occurring, particularly given that techniques used to access, disable or degrade service, or sabotage systems change frequently.

As previously disclosed, we identified a cybersecurity event on July 23, 2023 affecting certain of our data and IT systems, which resulted in the temporary interruption of our operations when we proactively shut down certain of our systems. This cybersecurity event, as well as any other breach of our network or databases, or those of our third-party providers, have resulted and may continue to result in the risks discussed herein.

Moreover, we rely on third-party technology service providers in ordinary course operations of our Direct channel, such as website hosting, payment systems and digital advertising. Our third-party service providers may be victims to cybersecurity events from time to time, and failure to prevent, detect or remediate such events may disrupt our operations could and cause financial or reputational harm, including if insurance coverage is insufficient to cover all losses or all types of claims that may arise.

Furthermore, we are subject to a constantly evolving regulatory landscape of laws and regulations relating to information technology security and personal data protection and privacy, including but not limited to the EU's General Data Protection Regulation and the California Consumer Privacy Act, each of which have imposed new and expanded compliance requirements on companies, including us, that process personal data from citizens living in applicable jurisdictions. Any failure to comply with applicable laws and regulations relating to data security and privacy, due to various factors within or outside of our control, could result in costly investigations from regulators and litigation, expose us to potentially significant penalties, and result in negative publicity that could damage our reputation and credibility.
